PART I

GENERAL.

Proceedings of the Government of Mysore,

READ:—

Letter No. 202, dated 10th August 1897, from the Deputy Commissioner, Mysore district, submitting, in continuation of his letter No. 148 of the 30th July 1897, a statement of incomplete works (drinking water wells, &c.,) started in the district proper last year, which require a sum of Rs. 12,323 for completion, and requesting sanction to the appropriation, for the purpose, of the unexpended balance (Rs. 13,248) out of the grants made in 1896-97 from Local Funds General.

(2) Letter No. 234, dated 16th August 1897, from the same Officer, reporting that out of the total allotment of Rs. 6,349 made from Local Funds General for drinking water wells and works of sanitation in the French Rocks sub-division last year, estimates amounting to Rs. 6,136 were sanctioned and Rs. 3,245 actually spent up to the close of the year, and requesting that the unexpended balance relating to the works started last year in the sub-division and in the district proper may be renewed, and that a fresh allotment of Rs. 20,000 be sanctioned for the entire district to be distributed according to requirements.

(3) Letter No. 169, dated 5th August 1897, from the Deputy Commissioner and President of the District Fund Board of the Mysore district, submitting for sanction out of Local Funds General an estimate for Rs. 1,990 for the repair of the Hampe Arsinakola (pond) at Nagamangala, which is the chief source of drinking water for the town, and for the improvement of which money is not available either from Municipal or District Funds.

No. 114—D, DATED, BANGALORE, 1ST SEPTEMBER 1897.

ORDER THEREON.—In Proceedings No. 106—D, dated 19th August 1897, the renewal of the unexpended allotment (Rs. 13,248) of 1896-97 and a fresh grant of Rs. 15,000 for the current official year were sanctioned for the construction of drinking water wells and works of sanitation in the Mysore district proper; and in Proceedings No. 107—D, of the same date a new allotment of Rs. 5,000 was sanctioned for the same purpose for the French Rocks sub-division. It being now reported that out of the estimates of Rs. 6,136 sanctioned for well works, &c., in the sub-division, only Rs. 3,244 were actually expended before the close of the year, Government are pleased to authorize the utilization this year of the unexpended balance of Rs. 2,892.

2. The estimate of Rs. 1,990 for the repair of the Hampe Arsinakola (pond) in the town of Nagamangala is, under the circumstances represented in the Deputy Commissioner's letter No. 169, dated 5th August 1897, sanctioned as an additional grant from Local Funds General.

3. The allotments sanctioned for the Mysore district for the current official year are therefore as follows:—

(1) *Mysore District Proper.*

Letter No. 204—193, dated the 31st August 1897, from the Deputy Commissioner, Chitaldrug district.

With reference to para 2 of Proceedings of Government No. A.—D, dated 28th instant, I have the honor to state that I have given the necessary instructions for dealing with immigrants in a systematic manner.

2. With regard to distress in the Ballalsamudra village, I beg to state that I have called for detailed statements showing number, caste, &c., of distressed people in that village and shall submit them as soon as they are received. There are about thirty families numbering about 200 people, men, women and children. Most of them are Raddi Vakkaligars, an industrious and generally well-to-do class. They own rice lands under the Ballalsamudra tank which did not receive any supply of water last year and therefore no crops were raised by them. The dry crops too were not good and the present high prices for grain soon exhausted the resources of these people. This year they have sown crops but they want rain very urgently. The distress is felt only in this village and to a very slight extent in the neighbouring village of Kalkere, where about ten families want work.

3. As already stated I have provided work for them, upon which the Deputy Amildar reports about one hundred persons find employment. If rain does not fall in about a week and further help becomes necessary, I shall start earthwork on the Ballalsamudra tank, which is a large one and which will keep the villagers both of Ballalsamudra and Kalkere employed for several months. The latter are now building the bandhs in waste lands and get paid for doing so.

4. I am going there again in a few days and shall send a further report.

5. As I have telegraphed, good rain has fallen in Molakalmuru and Challakere, and prospects have improved a little. In parts of Hiriyur rain is urgently wanted and I have given personal instructions to the Amildar to keep a careful watch over the area that requires attention.

No. 115—D, DATED, BANGALORE, 3RD SEPTEMBER 1897.

ORDER THEREON.—The fuller report promised by the Deputy Commissioner is awaited. Until fuller particulars are received, it is not possible to understand the special circumstances which led to a condition of distress in the solitary case of the two villages of Ballalsamudra and Kalkere alone, but whatever the cause of that distress, the Deputy Commissioner must provide immediately sufficient work for all able-bodied inhabitants in the vicinity of their villages.

2. The Deputy Commissioner should report in the course of a week whether there is any tendency for the area of distress in Hosdurga to widen, as well as any change in the general condition of the Hiriyur taluk.

Letter No. 3521, dated 24th August 1897, from the First Assistant to the Resident in Mysore.

In continuation of this office letter No. 610—73-93, dated the 23rd February 1893, I am directed to forward, for information, a copy of a letter No. 992—1000, dated the 19th ultimo, from the Government of India in the Home Department, drawing attention to the provisions of Article 496, Army Regulations, India, Volume I, Part II, Native Troops.

No. 992 —1000

From

J. P. HEWETT, ESQ., C. I. E.,
Secretary to the Government of India.

To

Home Department
Judicial

Simla, the 19th July 1897.

Sir,

It has been brought to the notice of the Government of India, that Magistrates, in awarding penalties for offences committed by native military pensioners, not infrequently recite their belief that such pensioners will (on conviction) be subjected to an additional penalty in the shape of loss of pension, and that they take this circumstance into account in deciding on the severity

of the sentence passed by them on the offenders. I am directed to point out that this procedure on the part of Magistrates is incorrect, in so far as it proceeds on the assumption that the pensioners thus convicted must necessarily forfeit their pensions. The orders governing the subject are contained in Article 496, Army Regulations, India, Volume I, Part II, Native Troops, quoted on the margin; and under those orders the Government of India are the sole arbiters on the point whether, in each case, the pension shall or shall not be reduced, or wholly withdrawn. I am to add that, in considering this point, due weight is given by Government to the sentence actually awarded by the Court in each case.

"Future good conduct is an implied condition of every grant of a pension. The Government reserves to itself the right of withholding or withdrawing a pension, in whole or in part, if the pensioner be convicted of serious crime or be guilty of grave misconduct."

2. I am accordingly to request that..... to draw the attention of Magistrates in..... to the terms of the Article of the Army Regulations quoted above, and to point out to them the error of assuming that in such cases forfeiture of pension is an invariable consequence of a conviction.

Letter No. 82, dated 19th August 1897, from the Superintendent of Stationery.

I have the honor to draw your attention to the very large consumption of candles supplied to all the offices by the Stationery Depôt, the total cost amounting to about Rs. 1,000 annually; and beg to suggest that, in lieu of the issue of candles in future, kerosine lamps be issued.

I believe that a good serviceable lamp can be obtained for Rs. 2-8-0 with the reservoir and which could well be packed in a small box of its own for travelling in camp, when necessary.

The present large consumption of candles is at present used for the following purposes :—

1. For lighting the officer's table when working during the evening or night.

2. By the clerks of the office for sealing letters, &c., A kerosine-oil lamp would be much more suitable and convenient for the former purpose, more especially as kerosine oil can now be obtained in almost every large village and town in the province and the cost could be met out of the office contingencies; and as regards the sealing of letters, &c., a country lamp or buthy should be sufficient, more especially if kept in a cheap lantern kept for the purpose to lessen the risk of fire, and for which common oil and wicks could be obtained also out of office contingencies.

I estimate the initial cost of such kerosine-oil lamps to be about Rs. 450 and each lamp should last an office for three years, so that the present outlay would be reduced from Rs. 1,000 to about Rs. 150 per annum.

Should you approve of this substitution, I will procure the necessary lamps and their cases for next year's issue.

Letter No. 781—209 of the 31st idem, from the same Officer, reporting on the latest condition of the northern taluks of his district.

No. 122—D, dated, Bangalore, 20th September 1897.

Order thereon.—The Government note with satisfaction the improved prospects of the season throughout the Kolar district, reported by the Deputy Commissioner in the second of the letters read above, which renders relief measures no longer necessary. The Deputy Commissioner reports that one great feature in the raiyats' method of agriculture this year has been for the raiyats to take advantage of every shower of rain to push on with the ploughing as far as possible and put down seeds dry or Bengar (if paddy), and in this way to get large extents of wet land even under the big tanks sown with *punji paddy*, so as to make the small supplies now available in the tanks sufficient to assure a fair harvest. The raiyats are to be congratulated upon the very sensible and prudent method adopted by them in a season of special anxiety.

For the drinking water wells of the Kolar district, the Government are pleased to sanction out of Local Funds General a sum of Rs. 19,398–2–3, on account of the incomplete works of last year and Rs. 15,000 for new wells to be started in the current year, as applied for in the Deputy Commissioner's No. 779—205 of the 28th ultimo.

Annual Report on Special Hospitals in Mysore for the year 1895-96.

No. 3843—Mis. F. 4-97, DATED, BANGALORE, 22ND SEPTEMBER 1897.

REVIEW THEREON.—The Special Hospitals in the Mysore State are the Lunatic and Leper Asylums, the Maternity Hospital and the Chattram Hospital at Bangalore, and Her Highness the Maharani's Hospital for Females at Mysore.

2. *The Lunatic Asylum.*—There were 215 lunatics (166 males and 49 females) in this Asylum at the close of the year 1894-95. Eighty-four persons were admitted during the year under review, making the total number of persons under treatment 299 (225 males and 74 females) against 263 (203 males and 60 females) in the previous year. Of the number treated during the year, 15 were discharged completely cured, 23 were committed to the care of friends and 21 died, leaving 240 persons (178 males and 62 females) at the close of the year.

Lunatics.

3. The average daily strength of the Asylum was 223 against 210 in the year previous. The maximum number of lunatics confined on any one day was 240 (178 males and 62 females). The buildings are in good condition, and the accommodation is almost sufficient. The health of the inmates of the Asylum was on the whole good.

4. The number of criminal lunatics in the Asylum was 53, of whom 14 were fresh admissions. Four were discharged and one died, leaving 48 insane persons at the end of the year. The daily average strength was 42·72 against 36·87 in the previous year.

Criminal Lunatics.

5. Of the total number of lunatics admitted during the year, 70·24 per cent were Hindus and 20·24 per cent were Muhammadans. Taken by districts, Bangalore contributed the largest number of inmates to the Asylum. Classified according to occupation, the number of insanes was greatest from the "Farmer" and "Cooly" classes. In the case of 47 persons, the occupation was unknown.

Religion.

Districts.

Occupation.

6. The most common forms of insanity observed among the lunatics were mania and dementia. There were 168 cases of the former and 75 of the latter. The cause of insanity was known in 84 and unknown in the remaining 215 cases. Of the known cases, 82 were attributed to physical causes, and in 47 of these, insanity was believed to have been caused by the excessive use of ganja.

Types of insanity.

Causes.

7. The cost of maintaining the Asylum during the year was Rs. 18,947 against Rs. 17,724, or Rs. 1,223 more than in the year previous. The increase is chiefly due to the larger number of lunatics treated during the year. The average yearly cost of each lunatic to the State was Rs. 84-15-6 as compared with Rs. 84-6-4·82 in 1894-95. The receipts under the head of "Lunatic Labor Fund" including stock on hand of plant and machinery during the year was Rs. 1,162-1-6, and showed a profit of Rs. 233-13-9. The major portion of this was due to the sale of vegetables grown in the Asylum by the inmates. There were 51 lunatics in the Asylum during the year, belonging to the Civil and Military Station of Bangalore. Of these, 13 were discharged and 2 died, leaving 36 at the close of the year. The cost of the maintenance of these lunatics from 1st April 1895 to 31st March 1896 was Rs. 4,012-10-3.

Cost.

8. *The Leper Asylum.*—The buildings in which the Asylum is located were in good order and their sanitary condition was good. At the close of the year 1894-95, there were 22 lepers (15 males and 7 females) in the Asylum. Seventeen were admitted in 1895-96, making the total number of lepers under treatment 39 (29 males and 10 females) against 45 in the year previous. Of these, 10 were discharged, and 11 died, leaving 18 (13 males and 5 females) at the end of the year under review. There were two criminal lepers (males) undergoing sentence

The average daily strength was 19·45 against 24·95 in 1894-95. The ratio of mortality was 56·55 against 16·03 in the year previous. This unusually large death-rate is explained to be due partly to patients seeking admission into the Asylum only when the disease had become deeply rooted in their system and partly to the diminution in the average strength. The sanitary condition of the Asylum was good.

9. The total expenditure incurred during the year amounted to Rs. 1,871-7-6 against Rs. 2,197-3-7 in 1894-95, thus showing a decrease of Rs. 325-12-1, which was chiefly due to the smaller number of lepers seeking admission into the Asylum. There was no outbreak of any epidemic disease in the Asylum. There were in the Asylum 11 lepers from the Civil and Military Station of Bangalore during the year. Of these, one was discharged and three died, leaving seven at the close of the year. The cost of maintaining them amounted to Rs. 934-5-10.

10. The removal of the present Lunatic and Leper Asylums to a convenient locality outside the city is engaging the attention of the Government.

11. *Maternity Hospital, Bangalore.*—The main buildings were in good order. 381 in-patients were treated in the Maternity Hospital in 1895-96 against 384 in the year preceding. The number of confinement cases was 286 against 326 and that of major surgical operations 51 against 54 in 1894-95. There were 10 deaths against 19 in the year previous. Of the total number treated, 13 were Europeans, 84 Eurasians and 284 Natives of all classes.

12. The total number of out-patients treated was 8,437 against 8,028 in 1894-95 and 6,556 in 1893-94, showing an increase year after year. Government note with satisfaction that the number of out-door labor cases attended, increased from 50 in 1894-95 to 73 in the year under review.

13. *Cost.*—The total expenditure of the Hospital was Rs. 6,177-13-3 against Rs. 7,780-15-4 in 1894-95.

14. *H. H. The Maharani Female Hospital at Mysore.*—The buildings and furniture were in good condition. The in-door cases treated during the year numbered 530 against 322 in 1894-95 and 314 in 1893-94. They included 175 labor cases against 132. There were 7 deaths including three in labor cases against 9 in the preceding year. The number of out-patients treated was 11,372 against 11,789 in the year previous. Of the number treated, both in-door and out-door, 90 were Europeans, 430 Eurasians, 3,191 Muhammadans, 6,161 Hindus and 2,007 other classes.

15. Forty-three major surgical operations were performed during the year, of which 41 resulted in cure.

16. *Chattram Hospital.*—In this institution which is otherwise called "Hospital for Infectious Diseases," 1 out-door and 79 in-door patients were treated during the year against 14 and 15, respectively, in 1894-95. The Hospital Assistant in charge daily examines the trains arriving at the City Railway Station and keeps the passengers, if any, coming from infected localities under his observation in the Hospital, where rations are issued to them. All practical care is also taken of the sanitation of the place, which is a great protection to the city as well as to the State generally.

17. The total cost of maintaining this Hospital was Rs. 1,939-15-0 against Rs. 1,422-12-11 in 1894-95.

18. *General.*—The report should be submitted punctually in future. The report so far as it relates to Her Highness the Maharani Hospital is defective, inasmuch as it does not state what the expenditure of that Hospital was during the year. Such information forms an important item of the report and should invariably be supplied in future.

READ :—

Annual Medical and Sanitary Report for the year 1895-96.

No. 3838—Mis. F. 5-97, DATED, BANGALORE, 22ND SEPTEMBER 1897.

REVIEW THEREON.—*General.*—The total rainfall of the year 1895-96 as gauged in the Observatory near the Bangalore Centrail College was 35·55 against 26·97 inches of the year previous; it was 36·3 inches at the Central Jail in Bangalore, 34·57 inches at the Mysore Jail and 39·30 inches at the Shimoga Jail. The heaviest fall was 8·82 in the month of September 1895, which was a little more than the heaviest fall in one month (August) of the year previous, namely, 6·32 inches. There was a general fall in the prices of almost all articles of food grains.

NATIVE ARMY.

2. *Government City Hospital at Bangalore.*—Five hundred and ninety Sawar and Barr sepoys were treated in this hospital against 836 in the year 1894-95. 57 of these were in-door patients, of whom 56 were cured and one died; 533 were out-door patients.

Dispensary at the Silahdar Lines.—Hitherto only out-door patients used to be treated in this dispensary, but after the 1st of January 1896, a few cases of in-door patients were also admitted, as there was accommodation available for a few patients of that class. 26 in-door and 5,724 out-door patients were treated during the year under report. The daily average sick was 49·66 against 66·05 of the year 1894-95.

The cost of this dispensary which is maintained by the Military Department, amounted to Rs. 1,066-11-6 against Rs. 785-12-10 in 1894-95.

JAILS.

3. There are three principal jails in the State :—The Central Jail at Bangalore, the Jail at Mysore and the Jail at Shimoga.

The jail population was on the whole healthy. The sanitary condition of the jails was good, there was no overcrowding, and the buildings were in a good state of repair. The labor of the prisoners, which, as usual, was extra and intramural, was neither excessive nor prejudicial to health; the diet was good in quality and sufficient in quantity, and the water-supply was good and abundant in all the jails.

The principal diseases were fever, dysentery and diarrhœa. There were no epidemics during the year except influenza which occurred in a very mild form in the Mysore Jail.

The Senior Surgeon will be requested to embody in his future reports information as to the number of prisoners belonging to the Civil and Military Station of Bangalore, who were treated in hospital, and the casualties, if any, among them.

4. *General Population.*—The birth return shews 87,787 against 95,302 of the previous year. The largest number of births was in the Mysore district and the smallest in the Kadur district. The number of male births to every 100 of female was 104·89.

The death return shews 64,333 against 64,231 in 1894-95, or 102 more than in the previous year. The increase was chiefly in the Mysore district and under the head small-pox for the whole province. The number of deaths among males

to every 100 of females was 107·57 against 111·37 of the year 1894-95. The mean ratio of deaths per thousand during the previous five years, was 14·88; in the year under report, it was 13·28 and in 1894-95, 13·26.

The majority of deaths was under fever; next follow bowel-complaints; small-pox comes in third. There were 521 deaths from cholera against 2,120 in 1894-95 and 856 in 1893-94. Of these, 212 cases occurred in the Chitaldrug district, 204 in the Kolar district and 74 in the Shimoga district. The remaining 31 were stray cases occurring at distant intervals in the remaining five districts of the province. Deaths from small-pox numbered 2,853 against 1,740 in the previous year.

5. *Sanitary Works.*—Fair attention was paid during the year to this important work. The provision of a number of new wells and roads in places where they were much needed; the improvement of the sources of the existing water-supply; the repair of roads, wells, drains, &c., the extension of narrow lanes; the construction of reservoirs, bathing ghats, latrines, &c.; the removal of bushes which afforded shelter to poisonous reptiles, all these and other sanitary works were carried out during the year.

Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Fund Board, Hassan.
The Comptroller to the Government of Mysore.

READ:—

Letter No. 935, dated 3rd May 1897, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting a proposition statement containing certain proposals for the revision of the Medical Department of the State.

2. Letter No. 973, dated 13th May 1897, from the same Officer, suggesting that the two Assistant Surgeons in charge of Special Institutions be placed in a separate grade, with the same salaries and prospects of promotion, as Assistant Surgeons on ordinary medical duty.

No. 3868-9—Mis. 736, DATED, BANGALORE, 23RD SEPTEMBER 1897.

ORDER THEREON.—The present Medical Establishment of the State consists chiefly of Officers employed under the re-organization scheme, sanctioned in Government Proceedings No. 885-7—4, dated 5th May 1884, the only important modifications since made being:—

(1) The creation of a grade of Senior Hospital Assistants under Proceedings No. 7000-1—72, dated 26th January 1887.

(2) The institution of a grade of Sub-Assistant Surgeons under Proceedings No. 2946-7, dated 26th March 1888, with pay and allowances subsequently fixed by Proceedings No. 2231-2—14, dated 6th July 1888; and,

(3) The appointment of a Special Civil Surgeon on a salary of Rs. 600.

2. The Senior Surgeon now submits certain proposals for strengthening the Medical Service of the State and improving the pay and prospects of the members of the various grades constituting it. Having given those proposals their most careful consideration, Government are of opinion that they are on the whole very reasonable. The object of the scheme is not only to add to the number of superior Officers to the extent called for by present requirements, but also to make the emoluments in the Medical Department nearly the same as in other departments, and to offer some definite prospect of promotion to the various grades of Medical Officers.

3. *Civil Surgeons.*—In addition to the Special Civil Surgeon on Rs. 600 above referred to, there are now three classes of Civil Surgeons on Rs. 500, 450 and 350. There are no Officers in the 1st Class, while there are two in the 2nd Class and one in the 3rd. The Senior Surgeon proposes to do away with the special appointment and to have three classes on Rs. 600, 500 and 400, respectively.

Government are pleased to direct that the scale of Civil Surgeons be fixed at present as follows:—

One in the 1st Class on Rs. 600 and three in the 2nd Class on Rs. 500.

Promotion from one class to another will be by vacancy and not by mere efflux of time.

The question of increasing the number of Civil Surgeons from four to eight by having a 3rd Class on Rs. 400, with the object of providing prospects of promotion to deserving Assistant Surgeons, requires no decision at present.

Civil Surgeons will be appointed by selection and according to merit.

4. *Assistant Surgeons.*—The total number of Assistant Surgeons is at present twelve, besides the two specialists who will be separately dealt with. Surgeon Lieut.-Colonel Benson's proposal to raise this number to 17 is approved. The salaries attached to Assistant Surgeons have hitherto been as follows:—

	Rs.
1st Class	200+50
2nd Class	150+50
3rd Class	100+50

There will in future be four classes of Assistant Surgeons on consolidated pay as shown below:—

	Rs.
1st Class	300
2nd Class	250
3rd Class	200
4th Class	150

Assistant Surgeons will rise from one class to another after three years' approved service. As, in future, all persons entering the higher branch of the Medical Service will ordinarily begin as Sub-Assistant Surgeons, there will be no difference in point of period of approved service required for promotion from the last class of Assistant Surgeons to the next higher class, between a Madras M. B. or Bombay L. M. S., and a Madras L. M. S.

5. *Specialists.*—There are two Specialists on Rs. 150 + 50 + 50 and Rs. 150 + 50, respectively, namely, Mr. S. V. Ramaswamaiyengar, M B., C M., L. R. C. P. & S. (Edin) L. F. P. and S. (Glasgow), who is in charge of the Eye-Infirmary and Mr. M. Srinivasa Rao, M. A., M. B., C. M. & B. SC. (Edin.), who has recently been appointed Chemical Examiner and Bacteriologist. The Government are pleased to sanction the following consolidated salaries for them, namely:—

For Mr. S. V. Ramaswamaiyengar, Oculist, Rs. 300 for all duties, the present allowance of Chief Assistant to the Senior Surgeon being abolished; and

For Mr. Srinivasa Rao, Chemical Examiner and Bacteriologist, (also for all duties) Rs. 200 rising to Rs. 250 after three years' approved service, from the date of his first appointment (12th December 1896) and to Rs. 300 after a further approved service of three years.

Their prospect of further promotion whether as Specialists or in the General Medical Service need not now be defined.

6. *Sub-Assistant Surgeons.*—There are now two classes of Sub-Assistant Surgeons on Rs. 90 + 30 and Rs. 70 + 30. In future these officers will be placed in three classes on consolidated pay as follows:—

1st Class on Rs. 120, after two years' approved service in the 2nd Class.

2nd Class on Rs. 100, after two years' approved service in the 3rd Class in the case of an M. B. of the Madras University or L. M S. of the Bombay University, and three years' approved service in the case of an L. M. S. of the Madras University.

3rd Class on Rs. 80.

There will be twelve Sub-Assistant Surgeons instead of six. The promotion of a Sub-Assistant Surgeon to an Assistant Surgeonship will be regulated by vacancy and merit and not by time. All persons to be appointed to the grade of Sub-Assistant Surgeons must have passed the Madras M. B. Examination or the L. M. S. Examination of Bombay or Madras.

7. *Apothecaries.*—For the special benefit of woman-doctors with Apothecary qualifications but not possessing the degree qualifications prescribed for Sub-Assistant and Assistant Surgeons, the institution of a grade of Apothecaries will be sanctioned with salaries as per scale below:—

	Rs.	
1st Class	150	To rise from one class to the next higher by approved service of five years.
2nd Class	125	
3rd Class	100	
4th Class	75	

The Senior Surgeon's proposal to promote male Hospital Assistants with Apothecary qualifications to the grade of Apothecaries does not commend itself to Government.

8. *Honorary Sub-Assistant Surgeons and Assistant Surgeons.*—As a reward for special merit among Apothecaries and Senior Hospital Assistants, Government will, from time to time, make such honorary appointments from among them as may be deemed desirable, to particular classes of Sub-Assistant Surgeons and Assistant Surgeons, and advance them in due course to higher classes in the same grades. The scale of such honorary appointments will, for the present, be fixed as follows:—

	Rs.
1 Honorary Assistant Surgeon (4th Class) on	150
1 Do Sub-Assistant Surgeon (1st Class) on	120
2 Honorary Sub-Assistant Surgeons (2nd Class) on	100

9. *General.*—The scheme sanctioned as above will be given effect to from 1st October 1897.

No allowances, other than those included in the consolidated salaries now fixed, will be affected by this revision.

10. *Appointments and Promotions.*—Under the scale as now revised the following appointments and promotions will be ordered:—

Mr. D. A. Choksi, L. M. S., Special Civil Surgeon	To be Civil Surgeon, 1st Class, on Rs. 600.
Dr. A. S. Fernandes, M. D., M. R. C. P., L. R. C. S., (Edin.) L. M. S., &c., Civil Surgeon, 2nd Class, old scale. Mr. P. S Achyuta Rao, L. M. S., Civil Surgeon, 2nd Class, old scale, and Mr. T. V. Armugam Mudaliar, M. B., C. M., Civil Surgeon, 3rd Class, old scale.	To be Civil Surgeons, 2nd Class, under the new scale on Rs. 500.

Letter No. 1724—44, dated 24th August 1897, from the Inspector General of Education in Mysore :—

I have the honor to inform you that a monthly grant of Rs. 10 has been paid in aid of the Hindustani School at Kadanur in the Dodballapur taluk. The condition of the school has, for a long time past, been very unsatisfactory as the masters appointed to its charge have not been working with zeal and earnestness. The masters do not evince interest in their work as they know that the school is an aided one and that the period of service rendered by them in an Aided School does not count towards pension. Several masters had to be tried successively one after another but with no good result. The present grant-in-aid master Muhammad Gous is inefficient and cannot carry on the work of the school successfully. In the interests of Muhammadan education it would be a pity to close the school as the village contains about 40 Muhammadan houses. The villagers seem to be eager for the education of their children. The Inspecting Officers suggest that if the school be converted into a Government institution, the services of the present master may be dispensed with, and a passed and qualified man having some experience in teaching may be appointed master of the school. Under these circumstances, I beg to recommend that Government may be pleased to accord sanction to the conversion of the Aided Hindustani School at Kadanur in the Dodballapur taluk into a Government institution, the grant of Rs. 10 paid to the school being changed into the salary of the master.

No. 3179-80—Ed. 83, DATED, BANGALORE, 6TH SEPTEMBER 1897.

ORDER THEREON.—Under the circumstances represented in the foregoing letter, the Government are pleased to sanction the proposal of the Inspector General of Education to convert the Aided Hindustani School at Kadanur into a Government institution and to utilize the grant of Rs. 10 for payment of the salary of the master to be employed. The date from which this arrangement is given effect to should be reported.

Proceedings of the Government of Mysore,

READ :—

Letter No. 655—75, dated 16th August 1897, from the Inspector General of Police in Mysore, forwarding a Kanarese petition from ex-jamadar Balaji Rao of the Kadur taluk, complaining of the order directing his retirement from service.

2. The records connected with the petitioner's case, received with the above.

No. 3070—J. 348, DATED, BANGALORE, 3RD SEPTEMBER 1897.

ORDER THEREON.—Petitioner, Balaji Rao, who was a police jamadar, was ordered to be retired on the ground that he failed to satisfactorily account for the disappearance of certain silver bangles found on the body of a woman named Channabasavi and sent to the petitioner on the 7th December 1895 for delivery to the heirs of the deceased. The Deputy Commissioner found that the jewels were either dishonestly misappropriated by Balaji Rao or that he was guilty of gross carelessness and neglect of duty in connection with them.

2. It is admitted that, on the 7th December 1895, the jamadar who received the silver bangles in question from the Hospital Assistant, handed them over to the station writer Vedavyasaya. The latter alleges that the jamadar got back the jewels from him the next day. There is no corroboration of this statement.

3. On the 17th December 1895, the jamadar wrote a takid to the address of the dafadar Venkatramanaiya of Sivane station, to the effect that the jewels were forwarded to him for delivery to the heirs of the deceased. The writer stated that, under the instructions of the jamadar, he entered the takid on 22nd idem, as No. 409, and despatched it without the jewels, as the jamadar told him that he himself would take the jewels to Sivane and deliver them to the dafadar. This statement of the writer is also not supported by any reliable evidence.

4. Equally uncorroborated is the allegation of both the writer and the dafadar, that shortly before the takid was issued, the jamadar desired the dafadar to obtain a false receipt from the relatives of the deceased for the jewels.

5. Though the takid was received by the dafadar of Sivane in December 1895, yet he made no entry of the same in his station "From Register," and non-receipt of the jewels was not reported by him till April 1896. The explanation suggested by the Assistant Superintendent of Police for this long silence, namely, that, as a subordinate, the dafadar did not think it safe to complain against the jamadar to higher authorities, can hardly be accepted.

6. The conduct of both the writer and the dafadar is not free from suspicion and the Government trust that it will be taken notice of by the Deputy Commissioner.

7. With regard to the jamadar, although there is no positive proof of his having got back the jewels from the writer and misappropriated them, yet the delay of ten days in writing out the takid No. 409, the omission to make proper enquiries and to satisfy himself that the jewels were actually sent with his takid and duly delivered, and the denial of the receipt of the dafadar's report of April 1896, are all circumstances of suspicion so strong against him as to produce a moral conviction of his being unfit to continue in the responsible position of a police jamadar. The Government, therefore, see no reason to interfere with the order of retirement appealed against.

8. The irregularities brought to notice in this case illustrate the necessity for more frequent inspection of the station diaries and registers, &c, by the superior officers so as to keep themselves regularly informed of what goes on in their charges and for proper steps being taken to prevent the recurrence of such irregularities.

(1) The summary of discussion on Subject No. 49 of the Dasara Assembly Proceedings for 1896 to the effect that parties making a search of the Index Books in the Sub-Registrar's office by payment of one rupee may be permitted to take notes of the number and date of the document in view, and the reply of Government to the effect that there is a policy involved in prohibiting the use of writing materials when parties have access to the books, but that there probably seems nothing to prevent parties being given a slate and pencil to enable them to take notes for subsequent transcription.

(2) Letter No. 224, dated the 1st September 1897, from the Inspector General of Registration in Mysore to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to your official Memo No. 13576—J. 1537, dated 19th June 1897, calling for draft rules regarding the parties wishing to search the Registers being permitted to take notes of the entries from the Sub-Registrars' books as referred to in Subject No. 49 of the Dasara Representative Assembly Proceedings of 1896, I have the honor to state that as per Rule No. 84 framed under Section 69 of the Registration Act and this office Circular No. 5, dated 16th June 1886, the parties are now not only prohibited from taking any notes of the entries in the Registers but are also allowed no access whatever to any kind of writing materials at the time of the search. The same, if not even a more stringent rule, obtains on this subject in the Madras Presidency, in Assam, in Punjab, in Oudh and in the North Western Provinces.

2. But as in the reply to the aforesaid Subject No. 49 of the last Dasara Representative Assembly Proceedings, the Government observe that "there probably seems nothing to prevent parties being given a slate and pencil to enable them to take notes for subsequent transcription", I take it that the Government are now however inclined to comply with the request of the Representative Members; and if that be the intention of Government, I would then so modify the Rule No. 84 referred to above containing the law on this subject as to meet with the present views of Government and have the modified rule stand as follows :—

"The fee for search will entitle the applicant to read the entry for the finding of which the fee has been paid, or to have it read to him by any person whom he may have brought with him for that purpose; but it shall not entitle him to take any written notes of the entry, neither shall he be allowed to have access to any lead pencil, pen, ink or paper; provided that if, however, the party desires to take simply a note of the number and date of such of the documents as are found to have been entered in the Registers, in view to his being subsequently enabled to make a written application for a copy thereof, the Registering Officer will supply him with a slate and slate pencil for that purpose, and the party shall, after making thereon a note of the number and date of the entry, take the slate out of the office room, have the note transcribed on paper and instantly return the slate and pencil to the Registering Officer"

No. 3336—J. 381, DATED, BANGALORE, 11TH SEPTEMBER 1897.

ORDER THEREON.—There being no objection to the use of a slate and slate pencil for taking merely a note of the number and date of the document in view, the Government are pleased to direct the addition to Rule 84 of the following words, namely "except a note of the number and date thereof on a slate for subsequent transcription on paper." The rule, with this addition, will read as follows :—

"84. The fee for search will entitle the applicant to read the entry for the finding of which the fee has been paid, or to have it read to him by any person whom he may have brought with him for that purpose; but it shall not entitle him to take any written notes of the entry, except a note of the number and date thereof on a slate for subsequent transcription on paper."

2. It is open to the Inspector General of Registration to issue circular orders in greater detail to prevent any abuse of the concession granted.

Letter No. 48 (Camp), dated the 17th June 1897, from the Deputy Commissioner, Kolar district, reporting the circumstances under which one Bada Sab was arrested by Syed Jamal, a constable of the Mysore Police Force, at Madanapalli in British Territory, and the facts connected with the transmission of Bada Sab to Kolar under the orders of the Stationary Magistrate of Madanpalli and his re-transmission to Madanapalli on the ground that he had not been duly surrendered under the provisions of the Extradition Act.

No. 3469-77—J. 402, DATED, BANGALORE, 15TH SEPTEMBER 1897.

ORDER THEREON.—The arrest of Bade Sab in British Territory by a Mysore constable was irregular. It is urged that he was ignorant of the legal provisions on the subject, but an excuse of this kind cannot be accepted. The District Magistrate of Kolar is requested to take suitable notice of the conduct of constable Syed Jamal and issue clear orders to prevent a recurrence of the irregularity noticed.

Letter No. 175—J., dated 7th September 1897, from the Inspector General of Prisons in Mysore, to the Secretary to the Government of Mysore.

In forwarding copy of letter No. 141, dated 9th instant, together with an estimate for Rs. 1,656-7-0 received from the Superintendent, Central Jail, Bangalore, I have the honor to state that the Guard in establishment was supplied with serge clothing at Government expense last year. The Superintendent reports that the serge uniforms supplied by the Military Stores were found to wear *very badly indeed*, and that they are now *quite* shabby, owing to the material used by the Military Stores Department being of a very inferior quality, and submits for sanction the enclosed indent providing the Warder establishment with khaki and woollen clothing.

2. Under the Clothing Rules, dated 21st June 1895, warders are entitled to one suit only every year or 18 months (cotton and woollen alternately). As it is not a year since the last supply was made, they are not strictly speaking entitled to a fresh supply, but under the circumstances, I would recommend that the men be provided with both serge and khaki uniforms as they now present a most disreputable appearance.

3. Mr. Sparkes proposes that in lieu of the present style of dress the warders should be permitted to wear breeches and patties. This proposal, however, is not in accordance with the Rules, but I am of opinion that the change will make the men look smarter than they now are, and this alteration would not entail any further cost.

4. The question of clothing for the Guarding establishment of the Jails in this Province is one that is worthy of more consideration than has hitherto been given it. It is manifestly unfair to expect serge clothing which is made of very inferior cloth to wear for a year. During my last inspection visit to Shimoga, I saw some serge coats and trousers that had only been served out two days previously and they were already considerably faded. It is, in my opinion, false economy to use cheap cloth, and I, after an experience extending over 21 years, I have come to the conclusion that it is better to buy good cloth and to make every subordinate on leaving the Jail having his clothing on a peg within the Jail, as it is the wear and tear that it is exposed to in their own houses that ruins their clothes; and I found in the Mysore Jail that if this practice is rigidly enforced the serge clothing will last quite two years and look respectable to the end, provided it is not made of too cheap a material. I am not an advocate for changing orders that have already been issued nor would I venture to suggest any alteration in the present rules had I not had some experience in these matters. The only change, I would suggest (it would not entail any increased expenditure) in the present rule, is that the color of the serge be changed from blue to khaki, so that the members of the Jail Guard may be different to those of the Police and thereby easily distinguishable. Moreover, I am convinced that good khaki serge is far more serviceable than blue, which, unless of very good quality, soon fades and looks untidy. Under these circumstances, I have the honor to solicit that Government may be pleased to accord their sanction to—1st, alteration in the color of the material used from blue to khaki; 2nd, the substitution of breeches and patties in lieu of trousers.

No. 3720—J. 438, DATED, BANGALORE, 20TH SEPTEMBER 1897.

ORDER THEREON.—The alterations proposed by the Inspector General of Prisons in the clothing to be issued to the Jail establishment, *viz.*, (1) the color of the serge to be khaki, instead of blue, and (2) the substitution of breeches and patties for trousers, are approved, as it is stated that they will not entail any additional cost.

2. As the supply of clothing issued to the Guarding establishment of the Central Jail, Bangalore, last year, is reported to have already worn out, owing to the bad stuff supplied by the Military Stores, there is no other alternative than to sanction the indent now submitted. Samples of the materials to be used for the clothing should be submitted to the Inspector General of Prisons for approval.

3. The suggestion made by the Inspector General in para 4 of his letter read above, to make every subordinate on leaving the Jail having his clothing on a peg instead of taking it home, is a very good one and should be strictly enforced.

From Lieutenant Colonel D. Robertson, Resident in Mysore, to the Chief Secretary to the Government of Madras, dated Ootacamund, 27th April 1897, Camp No. 6.

I have the honor to acknowledge the receipt of your letter No. 169, Political, dated 16th ultimo, forwarding copy of the Proceedings marginally quoted, regarding which I am asked to make the necessary intimation to the Mysore Durbar.

No. 168, Political, dated 16th March 1897.

2 A Lunatic Asylum is maintained in the Native City of Bangalore for the reception of lunatics belonging to the Mysore State, and, so far as can be seen from the correspondence in this office, no case has arisen in recent years (other than those of lunatics sent from the Civil and Military Station) in which it has been necessary to send a Mysore subject to an Asylum in the Madras Presidency. At any rate no demand has been made upon the State for maintenance charges on this account. Before, therefore, communicating the decision of the Madras Government to the Durbar, I shall be glad to be informed whether a reciprocal obligation to meet the maintenance charges of British subjects belonging to the Madras Presidency, confined in the Mysore State Asylum, would be admitted by the Madras Government.

From F. A. Nicholson, Esq., Acting Resident in Travancore and Cochin, to the Chief Secretary to Government, dated Camp, Peermaad, 24th April 1897, Ref on C. No. 1122.

Referring to G. O. Mis. No. 163, Public, dated 18th February 1897, I have the honor to forward copy of a letter No. 2223—G. 933, dated 11th instant, from the Dewan of Travancore.

2 A large number of paupers and others find their way from British India into Travancore, and out of them not a few are half-witted or lunatic. There are in the Trivandrum Lunatic Asylum 96 inmates, of whom 9 are natives of British India; all being civil lunatics, and these have up to date been treated and maintained without question by the Travancore Sirkar. Probably on a census of lunatics in Madras Asylums, it would be found that natives of Travancore are less numerous than natives of British India in Travancore Asylums.

3. I therefore recommend, as a matter of comity and expediency, that the principle of reciprocity be accepted, and that the claims for Travancore lunatics in Madras asylums be dropped.

ENCLOSURE.

From M. R. Ry. S. Shungrasubyer, Dewan of Travancore, to the British Resident in Travancore and Cochin, dated, Trivandrum, 11th April 1897, No. 2223-G.—933.

I have the honor to acknowledge receipt of your Ref. on C. No. 848, dated 27th ultimo.

2. His Highness' Government had no idea that, so far as the liability of this State went, there was any difference between a Travancore criminal and civil lunatic confined in a British asylum. A lunatic, whether he is a criminal, or no criminal, has to be secured, all the same for purposes of public protection and order. This, however, is a point which more or less merges in the larger question of reciprocity which naturally arises from the present demand. There are at this moment 9 lunatics, all civil, in the Lunatic Asylum at Trivandrum, who are natives of the Madras Presidency as per memorandum appended. In case Travancore is to pay for the maintenance of the lunatic at Vizagapatam for the reason of his being a native of this country, you will, I am sure, admit the fairness of a reciprocal treatment in the case of the British subjects who have been detained in the Lunatic Asylum here. It is far from the wish of His Highness' Government to urge any claim in this respect. But as the case under reference turns on the principle of reciprocity, I have ventured to bring it forward in the hope that the question may be viewed in all its bearings and a proper understanding come to.

3. I request you will be good enough to lay the matter before the Madras Government for re-consideration in the light of what I have submitted above.

No. 715, PUBLIC, DATED 5TH JUNE 1897.

ORDER.—From the letters read above it appears that both in Mysore and in Travancore the cost of maintaining civil insanes who are British subjects is met by the Native States concerned. Under these circumstances, His Excellency the Governor in Council is pleased to accept the reciprocal obligation to maintain, free of cost, subjects of those States confined in Asylums in this Presidency.

2. In accordance with this decision the Government resolves, in modification of G. O. Mis. No. 163, Public, dated 18th February 1897, that Native States which have established proper lunatic asylums and maintain therein British subjects, free of charge, will not be held liable for the maintenance of such of their subjects as may be confined as civil lunatics in asylums in the Madras Presidency.

Letter No. 148—J., dated 23rd August 1897, from the Inspector General of Prisons in Mysore, forwarding for favourable consideration letter No. 43, dated 9th August 1897, from the Munsiff of Hassan, requesting that some allowance may be granted to him for being in charge of the Lock-up at Hassan.

No. 4000-10—J. 462, DATED, BANGALORE, 25TH SEPTEMBER 1897.

ORDER THEREON.—The Government are not prepared to grant any allowance to the Munsiff of Hassan for being in charge of the Lock-up as no such allowance is drawn by any other Officer for this work.

2. If at any particular station it is deemed necessary to relieve a Munsiff of this charge on account of his civil work being heavy, the Inspector General of Prisons may, in communication with the Inspector General of Registration and under para 1 of Government Proceedings No. 9586-96—J. 1108, dated 18th February 1897, specially recommend the appointment of a Sub-Registrar who is duly qualified as Officer in charge of the Lock-up.

(1) Letter No. 3188, dated the 15th August 1895, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, on the subject of the procedure to be adopted for obtaining the surrender of persons accused of criminal breach of contract of service under Act XIII of 1859 :—

Reverting to correspondence ending with your letter No. 12763—J. 734, dated 19th February 1895, regarding the extension of the Foreign Jurisdiction Act Schedule, I am directed to state that Mr. Lee-Warner would personally have been very glad to represent to higher authority the advantages and propriety of such extension. But in the meanwhile, it appears to him that the Mysore Government in its anxiety to provide one remedy, has neglected to use another remedy available to it. Too exclusive an attention has been paid to Section 11 of the Extradition Act at the expense of Section 14, which provides a means for securing the extradition of any offender, whether his offence be a heinous one scheduled for the purposes of Section 11 or an offence not included in the schedule. It appears to the Resident that the Durbar ought to try the effect of Section 14 by making a requisition for the arrest of some offender against the Act XIII of 1859. The procedure would be for an aggrieved planter to address the Deputy Commissioner or the Mysore Government direct, stating the facts, giving a description of the offender, stating his whereabouts, and undertaking to support his claim by evidence when called upon by a British Magistrate to do so. The Mysore Government would then make its requisition on the Government of Bombay, if the offender were in North Canara for instance. The Bombay Government would direct a Magistrate in Canara to inquire into the offence, and the planter would produce his evidence. The Magistrate would report and the Bombay Government might order delivery to the Mysore Government, who having the offender within their jurisdiction, would forward him to Kadur, it might be, for trial. The procedure is circuitous, but if it succeeded, its moral effect would be good. If it failed, the Government of India might be reasonably asked, although they are not willing to add to the schedule, at least to amend Section 14 so as to improve and shorten the procedure.

2. I am to forward to you a copy of a letter addressed on April 11th to Mr. Yonge, and to suggest that the Government of Mysore should bring the proposal to the notice of Planters in Mysore and issue orders to the District Officers to ensure their taking action in any test case sent up for trial of the procedure indicated. If you refer to the Chief Commissioner's Proceedings J. D., July 23rd, 1878, No. 3072 J. D., you will see that in Government of India letter No. 84 J., dated 25th June 1878, paragraph 12, the wide scope of Section 14 of Act XI of 1872, which is reproduced in the Act of 1879, was dwelt upon.

(2) Letter dated 27th August 1895, from Mr. T. J. Hamilton of the Chandrapore Estate, Mudgere taluk, requesting that an application be made under Section 14 of Act XXI of 1879 to the Government of Madras, for the arrest and transfer to the Second Class Magistrate of Mudgere of one Kantappa, accused of the offence of criminal breach of contract.

(3) Letter No. 3046—J. F. 8 of 1894-95, dated the 30th August 1895, to the First Assistant to the Resident in Mysore, forwarding Mr. Hamilton's application and requesting that a requisition may be sent to the Government of Madras for the surrender of Kantappa.

---

(6) Letter No. 1093, dated 23rd March 1896, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore :—

I am directed to inform you that the requisition for the surrender of Kantappa *alias* Kooka, received with General Secretary's letter No. 49—Pol. 127,

dated Camp the 7th October 1895, was forwarded to the Government of Madras on the 12th idem, and that Government has just replied that having consulted the Advocate General, His Excellency the Governor in Council has arrived at the conclusion that the accused person cannot, for the offence of which he is accused, be surrendered by the Madras Government to the Durbar under Section 14 of the Extradition Act.

2. The opinion of the Advocate General is as follows :—

"The Extradition Act XXI of 1879 seems to contemplate two distinct cases. "*First*, where the offence has been committed in any of those States specially "connected with India, in which the Governor-General in Council has a power "and jurisdiction which is exercised by a Political Agent (S. 3). *Secondly*, "where the offence is committed in some State where there is no such Indian "Jurisdiction, or in some other part of Her Majesty's dominions" (*a*).

"Sections 11 to 13 inclusive apply to the first: Section 14 to the second of "the cases abovementioned."

"Offences under Act XIII of 1859 are not included in the Schedule to Act "XXI of 1879, therefore Sections 11 to 13 of the latter Act are inapplicable "to them. The Resident in Mysore (*b*) says that as such offences 'can only be "dealt with under Section 14 of the Extradition Act,' the late Resident 'advised "the Durbar to make trial of the only procedure which the extradition law allows "for the surrender of persons accused of non-scheduled offences.' "

"Mysore is a State falling within the first class mentioned in paragraph 1 of "this opinion; therefore, Section 14 of the Extradition Act does not, I think, "apply, and the course proposed cannot be legally complied with."

3. I am to say that the failure of this method necessitates a re-consideration of the whole question, which the Resident proposes accordingly to undertake.

4. The requisition and descriptive roll received with your letter under reply, are herewith returned.

(7). Letter No. 2794, dated the 3rd July 1897, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore :—

Adverting to the correspondence ending with this office No. 1093, dated the 23rd March 1896, regarding the surrender of Kantappa *alias* Kooka, who had been accused of an offence under Act XIII of 1859, I am directed to inform you that the Government of India are unable to accept the opinion, in this case, of the Advocate General, Madras, and to adopt the distinction he draws as regards the operation of Section 14 of the Foreign Jurisdiction and Extradition Act XXI of 1879, between Native and Foreign States; at the same time they consider that the discretionary power which the Local Government possess in complying with applications for extradition under Act XIII of 1859, should be very sparingly exercised, and they are advised that no offence under that Act can be deemed to be complete, unless, and until, there has been default in complying with an order passed by the Magistrate under Section 2.

No. 4, dated, Camp Mysore, 29th September 1897.

Order thereon.—The above correspondence will be printed and communicated to all District Magistrates and Sessions Judges through the Chief Court of Mysore.

Proceedings of the Government of Mysore.

READ AGAIN :—

Letter No. 60, dated 7th August 1897, from the President of the Mysore City Municipality, requesting sanction for an advance of Rs. 1,000, being allowed under the head "Advance of Stock" in connection with pipes and other articles required for public fountains, house-connections, &c., the advance being adjusted as the articles are issued for works.

READ THE FOLLOWING :—

Letter from the Comptroller, No. 390, dated 3rd September 1897.

With reference to Government Proceedings No. 2834-5—L. F. 50-97, dated 26th August 1897, forwarding copy of letter No. 60, dated 17th idem, from the President, Mysore City Municipality, and requesting an opinion in regard to the proposal of the President to be allowed an advance of Rs. 1,000, I have the honor to state that there is no necessity for an advance, if the following procedure is followed :—

In the Cash Account rendered to this office all purchases on account of stock and charges incidental to the same, such as railway fare, cartage, supervision, storage, contingencies, &c., relating thereto should be debited under a debt head to be styled "Stock" and all issues therefrom to be credited to the same head by debit to the works for which the issues were made and all cash realized by the sale of such stock should also be credited to the same head. At the end of each half year rates must be fixed for each item of stock and the issues made during the next half year at these rates. From private parties ten per cent over these stock rates should be recovered on account of supervision, &c., and credited under a distinct entry under "X. Miscellaneous." A stock account should accompany the cash account in the form enclosed. A Stock Register should also be maintained. Every half year a balance statement of stock in hand should be submitted, giving particulars of rates, &c., and certified to as having been counted by the Vice-President.

The balance of stock at the close of any one month should not exceed Rs. 1,000.

Report on the Administration of the Municipalities in the Hassan District for the year 1895-96, submitted with the President's letter No. 584, dated 28th December 1896.

No. 3112-23—L. F. 95-96, DATED, BANGALORE, 4TH SEPTEMBER 1897.

ORDER THEREON.—There were 13 municipalities in the district as in the year previous. The members thereof appear to have evinced satisfactory interest in municipal administration, as tested by their average attendance at meetings, which was 23 in the case of the 28 *ex-officio* members, and 50 in that of the 71 nominated members.

2. Another gratifying feature is the large increase in receipts contributed by each source of revenue, which has enabled the municipalities to incur expenditure to an equally large extent. The main heads are shown below:—

Receipts.				Expenditure.			
Items.	1894-94.	1895-96.	Difference.	Items.	1894-95.	1895-96.	Difference
	Rs.	Rs	Rs.		Rs.	Rs.	Rs.

Grand Total ...	72,902	90,131	+17,229	Grand Total ...	72,902	90,131	+17,229

3. The total population within municipal limits being 38,771, the incidence of taxation per individual was Re. 0-14-11. The large increase under "Octroi" is attributed to its introduction in the municipalities of Holé-Narsipur and Arkalgud and to the closer supervision exercised over its collection everywhere. The principal articles on which the tax was levied were cloths, betel-leaves, tobacco and cocoanuts.

The collection of arrears and the levy of tax on all carts without exemption account for the increase under "House-tax" and "Mohatarfa". Under the head "Miscellaneous" are comprised various petty items of a fluctuating character, such as sale proceeds of building sites, pound collections, &c.

4. The increase in expenditure was chiefly under "Public Works": About Rs. 5,000 were utilized for the construction and repair of roads, about Rs. 3,200 on drains, about Rs. 3,600 on water-supply works and nearly Rs. 3,600 on buildings.

There was a large increase under "Education" which is probably due to the large contributions made towards the maintenance of Primary and Middle Schools. The reason for the decrease of more than Rs. 1,000 in dispensary charges is not very clear, as the cost per patient treated has increased from 5 to 6 pies.

The increases under the first three heads of expenditure were mostly due to increases to the strength and pay of establishments.

5. Each taluk and sub-taluk has now been provided with a midwife. The salary of the one at Hassan is paid from Municipal Funds. It is satisfactory to note that 311 labor cases were attended by these midwives out of a total of 770 births.

There were 640 deaths during the year, nearly half of which was due to fever. The work of registering births and deaths was, as usual, done by the village officials.

2. The number pending in the Bangalore district increased from 43 to 61 and the taluk of Devanhalli seems to have contributed largely to this increase. Prompt disposal of darkhasts is one of the foremost duties of Revenue Officers.

3. The Bowringpet and Chintamani taluks in the Kolar district show large numbers pending against them and in the latter taluk there were as many as 75 darkhasts of over one year's duration. The Amildars of these taluks should be warned to dispose of these darkhasts without delay.

4. In the Chamrajnagar taluk of the Mysore district, there were as many as 177 darkhasts requiring disposal.

5. In the Hassan district, the number of darkhasts pending over one year was 385. Of these 86 were pending for over three years. This state of affairs is unsatisfactory. The Amildar of Manjarabad has 222 darkhasts shown against him. The Assistant Commissioner of Manjarabad should be requested to see that these are promptly disposed of.

6. There is a slight increase in the number shown in the return of the Kadur district, and this is chiefly due to the increase in the Mudgere taluk. Judging from the figures the work of the Mudgere Amildar must be pronounced to be unsatisfactory.

7. Old darkhasts pending disposal for three years and upwards in the following taluks call for early attention on the part of the Amildars concerned :—

8. By his omission to append the abstract prescribed in para 3 of Government Proceedings No. 152-9—R. F. 67-95, dated 7th July 1896, to the return now reviewed, the Deputy Commissioner of Hassan has rendered it necessary for the Government to point out to him for the third time that he has violated the clear instructions of Government on this point. The submission of his return also was delayed much beyond the prescribed time. This latter remark applies also to the Deputy Commissioner of Kolar.

Letter No. 95—91, dated 28th July 1897, from the Deputy Commissioner, Chitaldrug district, soliciting sanction to the repayment in four instalments, of the loan of Rs. 300 advanced to one Mallaiya of Bhangarakkanhalli, Chitaldrug taluk, for sinking an irrigation well in his khate land.

No. 2551-52—R. 818, DATED, BANGALORE, 4TH SEPTEMBER 1897.

ORDER THEREON.—Government observe that after a trial boring, Mallaiya applied for an advance of Rs. 300 for sinking a well in his land, Survey No. 30, situated in Bhangarakkanhalli village, Chitaldrug taluk, and the Taluk Sheristadar certified that water was tapped at a depth of 35 feet from the surface. As since ascertained, this water does not appear to have been a spring but a surface percolation which soon disappeared. The applicant continued the digging of the well to a depth of 40 feet, two or three feet of which have been since covered with earth which slipped from the sides which are reported to be very soft. Further digging is reported to be attended with danger and even if water is tapped at a greater depth than 40 feet, it is said that its lifting is not possible by means of the ordinary kapiles. There is no water now in the well. The Deputy Commissioner has by personal inspection assured himself that the applicant has spent much more than the Government advance of Rs. 300.

2. Under these circumstances, it is clear that in the terms of Rule 16 of the Irrigation Wells Rules, published under Notification No. 183, dated 21st July 1891, the work is not completed, having had to be abandoned owing to causes beyond the applicant's control, such as no water being found, "and the expenditure incurred should be borne by Government."

3. The Deputy Commissioner recommends the recovery of the advance in four instalments but gives no reason why the applicant should not be given the benefit of the plain provision of the rule abovementioned. Unless there are reasons to the contrary, which the Deputy Commissioner will report, the remission of this advance is sanctioned and will be written off the accounts.

4. It is necessary to point out that the observation of the special officer that the applicant should have foreseen that water could not be had under a depth of 45 feet when he made the application, betrays a want of that sympathetic co-operation by proper advice and guidance, which it was the wish of Government that applicants for these advances should find in their officers. Rule 13 of the Irrigation Wells Rules, moreover, lays down a depth of 35 feet and it does not appear that Government have prescribed any other depth for this locality.

Correspondence ending with letter No. 907, dated 8th March 1897, from the Deputy Commissioner Bangalore district, submitting further report, with connected papers, regarding tope bearing Survey No. 494, measuring 4 acres and 10 guntas in the Sarjapur kasba village, Anekal taluk, claimed by one Chinnaiya and another, Venkata har, on the ground that the same which had been planted by their ancestors was treated as Government kharab during the survey settlement.

ALSO:—

Letter No. 219, dated 2nd May 1895, from the Superintendent, Mysore Revenue Survey, stating that, at the time of introducing the settlement, the trees were held on "Amarayi kandayam" and the Settlement Officer recorded the rights of the planters of the tope as far as they existed, remitting the "Amarayi kandayam" and establishing the right of Government to the tope; that, the action of the Settlement Officer, while quite fair to the planter who had no right over the trees beyond enjoying the produce at a fixed "Amaravi kandayam," was calculated to conserve the tope: and that if there is no object in conserving the tope, the land may be assessed and given out to the present holders, subject to certain condition.

No. 2627-8—R. F. 116-92, DATED, BANGALORE, 6TH SEPTEMBER 1897.

ORDER THEREON.—The facts of the case are clear. Up to the year 1860 the tope in question was in the patta of the petitioner Chinnaiya's family, and land assessment was levied therefor. In the following year 1861, the land assessment was changed into Amarayi kandayam which was levied till the date of survey settlement. It is stated by the petitioners, Chinnaiya and Venkatachar, as well as the shanbhog of the village, and there is no reason to disbelieve the statement, that the tope was planted by Chinnaiya's ancestors. The Deputy Commissioner reports that the tope being far away from the village and at a distance from the road, is not used by the townspeople or travellers.

2. The Superintendent of Revenue Survey is of opinion that "should there "be no object in conserving the tope, the land may be assessed and given out "to the present holders." He also suggests that "a proviso may be laid down "prohibiting the cutting of the trees."

3. There can be no doubt that the tope and the produce of the trees were enjoyed by the petitioner Chinnaiya's family and till the survey settlement a sort of tax was being levied from the holders. The petitioners' proprietorship cannot, under these circumstances, be altogether ignored. These facts, coupled with the ruling laid down in para 5 of Government Proceedings No. 12534-44—R. F. 116-92, dated 24th January 1895, to the effect that if topes in their present condition are practically of no use to travellers or the village community, they might be transferred to the planters or their heirs on valuation and subject to the payment of full assessment, make the petitioners' case very strong, and they must therefore be held entitled to have a patta for the tope in question. Government accordingly direct that the tope be assessed by the Superintendent of Revenue Survey, the amount of such assessment being collected from the petitioners from the date of the survey settlement.

4. It is unnecessary to levy any valuation money for the tope, as the petitioners will be prevented, as suggested by the Superintendent, Revenue Survey, from cutting the trees therein. The number and description of the trees should be entered in the Khetwar Patrike and a proper inspection made and a note thereof entered every year in the *Pahane* or Field Inspection Book.

Letter No. 788—728, dated 7th April 1897, from the Deputy Commissioner, Chitaldrug district, reporting, with reference to Official Memorandum No. 1249, dated 3rd February 1897, from this office, that, as he considered it inadvisable to reduce the area available for grazing in the village, he declined to recommend the grant of a portion of gomal Survey No. 54 to one Maddrahalli Basava in the Kallenahalli village, Jagalur taluk.

No. 2625-6—R. 841, DATED, BANGALORE, 6TH SEPTEMBER 1897.

ORDER THEREON.—Government observe that the Deputy Commissioner's opinion that "it is inadvisable to reduce the area available for grazing in the village" is not supported by facts. From the Amildar's report, it is gathered

that the area of Survey No. 54 is 473 acres and 38 guntas. There are only 213 head of cattle, and even calculating at the liberal rate of 60 acres per 100 cattle, the grazing land available seems to be much in excess of the real demand. The Deputy Commissioner admits that there is no assessed land available for cultivation.

Under these circumstances, the conclusion of the Deputy Commissioner cannot be supported, and it seems to Government that an extent up to 50 acres may for the present be thrown open for cultivation. The Deputy Commissioner is accordingly requested to dispose of the present application, which is for 15 acres only, under the Darkhast Rules and in accordance with the observations made above.

Letter No. 842—166, dated 17th August 1895, from the Deputy Commissioner, Kolar district, bringing to notice that Tathappa, shanbhog of kasba Kolar, has hypothecated his service inam land to pensioned Assistant Commissioner, Mr. A. Coopusami Mudaliar, as security for a loan of Rs. 200 obtained from him, and soliciting orders as to whether the mortgage can be permitted pending modification of the existing prohibitory rules, having regard to the fact that the Pakka Potgi settlement of the Kolar taluk has been made and that Government intend to convert all the service inams in such cases into alienable property.

ALSO :—

Letter No. 717, dated 13th December 1895, from the Superintendent of Revenue Survey, stating that it is not advisable to permit the alienation of service inam lands.

No. 2742-3—R. 880, DATED, BANGALORE, 10TH SEPTEMBER 1897.

ORDER THEREON.—The hypothecation of the service inam land in question is clearly illegal, being opposed to Rule XXXVI of the Potgi Rules of 1874 and clause (*d*) of para 5 of Rule XLIII of the Mysore Land Revenue Rules. The Deputy Commissioner should not have hesitated to take action under the existing rules, in view of any intention of Government to modify the rules, of which he may have become aware. Notices should therefore be issued both to the shanbhog and the mortgagee and steps taken to have the hypothecation cancelled.

2. The Deputy Commissioner's attention is drawn to Government Order No. 854-61—P. 180, dated 18th July 1895, in a similar case in which the shanbhog inam lands had been leased for a period of 30 years.

Correspondence ending with letter No. 1308-990, dated 19th June 1896, from the Deputy Commissioner, Shimoga district, on the subject of allotting soppinbetta lands for the use of new gardens raised on dry and wet lands, subject to the payment of assessment thereon.

ALSO :—

Letter No. 710, dated 10th December 1895, from the Superintendent of Revenue Survey in Mysore, stating that he is not in favor of assessing the soppinbetta lands allotted to gardens newly raised on wet and dry lands, while allowing the free use of those soppinbetta lands which have been assigned to existing gardens assessed at garden rates, and that it would therefore be sufficient to increase the area of soppinbetta lands assigned for common use at the survey settlement, when an increase in garden cultivation, whether under the shraya system or by converting dry or wet into garden has taken place to an extent sufficient to justify a fresh allotment of soppinbetta.

No. 2802-810—R. 900, DATED, BANGALORE, 14TH SEPTEMBER 1897.

ORDER THEREON.—Government direct that no assessment on additional soppinbetta lands assigned for the purposes of supari gardens raised on dry and wet lands need be levied. Although the garden owners have been allowed the free use of soppinbetta lands for specified purposes, yet the Government have full power to regulate their extent, &c., from time to time, as occasions arise. The Deputy Commissioner should watch the progress and extension of such gardens, and apply to Government for the assignment of an increased area of soppinbetta lands whenever the extension of supari gardens demands such a measure. The existing garden holders have no right to object to the owner of a new garden taking leaf manure, &c., from soppinbetta already assigned, with the permission of the district authorities.

Letter No. 932, dated 17th April 1897, from the Deputy Commissioner, Hassan district :—

"I have the honor to state that paras XXIX and XXXIII of the Chief Commissioner's Notification No. 219, dated 27th October 1874, (Rules for the remuneration of patels and shanbhogs) provide for the appointment of separate men for each patell or shanbhogi firka, and in view to adequately remunerate them, their potgi or pay has been calculated according to a graduated scale (*vide* Rule VIII).

2. Though it is, in some cases, several years since potgi was settled by the Survey Department yet the object of the settlement has not been fulfilled fully. In spite of repeated orders, the present registerdars or hakdars in several cases have failed to nominate men to discharge the duties of the respective firkas.

3. On reports received from Amildars from time to time bringing to notice the hardship and inconvenience which would result from the hakdars being forced to strictly conform to the rules, especially when one person was able to discharge the duties of more than one firka, the rigidity of the rules was slackened in such cases, one individual being allowed to be in charge of more than one firka with the advantage of, however, drawing the aggregate amount of potgi fixed in consideration of more than one person being required to do duty.

4. The majority of the shanbhogs in the district have more than one firka, and such is also the case with some patels. It cannot be denied that there are persons capable of managing more than one firka, but this is not generally the case. The concession shown in a few cases has encouraged others to claim the same more especially as there has been no diminution in the amount of potgi in the case of those expressly allowed to discharge the duties of more than one firka.

5. Apprehending that a strict observance of the rules would involve undue hardship on the present officiators and with a view to induce such of them as are able to nominate out of their own family, persons for each firka, I called upon the Amildars to consult the officials concerned as to whether they would nominate distinct persons for each firka, or consent to the potgi being revised, the total revenue of the villages belonging to each registerdar and not the revenue of each firka, separately being made the basis of calculation in cases in which public service is not likely to be prejudiced.

6. The Amildar of Channarayapatna, who alone has submitted his report, states that many of the persons concerned plead their inability to nominate the required number of persons and that some of them in consequence have consented to receive the reduced potgi. I believe this will be the case in other taluks also.

7. I herewith submit a statement showing the amount that will be saved to Government the Channarayapatna taluk with necessary details, if the recommendation made above (in para is approved. There will be a saving of Rs. 424-12-0 per annum out of the potgi to the shanbho and Rs. 77-8-0 out of the pateli potgi. No reduction is made in the stationery allowance as t cost will be the same whether there should be one or more officiators.

8. Under these circumstances, I request that you will obtain early orders of Government the subject. The vernacular papers ending with the Channarayapatna Amildar's Itillas Nos. 94 dated 15th February 1897, and 1006, dated 26th idem, are herewith submitted for needful referen and obliging return.

No. 2821-9—R. 903, DATED, BANGALORE, 14TH SEPTEMBER 1897.

ORDER THEREON.—In the letter read above, the Deputy Commissioner bring to notice the existence of a state of things which cannot be permitted to continu The object of the rules for the remuneration of village officers is to provide fo an efficient village administration; and it is an undesirable confession to mak that in the extension of the rules the administrative necessity was rendered sub ordinate to the convenience or the wishes of the present officiators who retai more charges than one, or to the fancied hardship resulting to them from thei being deprived of their extra charge. The basis of the potgi settlement is th unit of a village and the rules contemplate the clubbing of more villages than on only in the case of shanbhogs. The intention of these rules with regard to th patels is that there should be one patel for each village and this should be strictl enforced (*vide* Government Order No. 10267-75—R. 1055, dated 3rd Januar 1894).

2. Regarding the shanbhogs' charges, standards have been laid down i Rule XXXIII of the Potgi Rules. Most of the cases included in the statemen accompanying the Deputy Commissioner's letter show that the present limit have been observed in the charges already formed. The Deputy Commissione also states that while it cannot be denied "that there are persons capable o managing more than one firka, this is not generally the case." A general rul cannot be altered for the sake of a few and it is not expedient to alter the presen rules or to hold out directly or indirectly any encouragement to their executio being slackened. The Deputy Commissioner is therefore requested to remedy th defects now brought to notice and to appoint separate patels and shanbhogs to th additional charges now held by the same individuals, without further loss of time The completion of this settlement should be reported for the information o Government.

No 2900-7—R. F. 175-92, DATED, BANGALORE, 16TH SEPTEMBER 1897.

ORDER THEREON.—The replies read above are to the following effect:—

The Deputy Commissioner, Bangalore district, in reporting that the minera s not found in all the taluks of the district, states that the quantities collecte n, and exported from, the Nelamangala and Dodballapur taluks under "Mafi license,'

during the years 1895-96, and 1896-97 were 538 and 930 maunds respectively, and that there was no local consumption of the article during the years referred to.

2 The Officiating Deputy Commissioner of Shimoga reports that the mineral is not to be found in any part of the district.

3. The Deputy Commissioner of Kadur states that during the year 1895-96 one Venkoji bought the right for Rs. 30 and paid the amount in time, but did not collect any stones; while during the year 1896-97 there was no revenue under this head, as none attended the sale notwithstanding its wide publicity.

4. The Deputy Commissioner of Mysore states that the trade is probably not as lucrative as it once was and the demand for the mineral is consequently very moderate, and submits that the sale of the right of collecting the mineral in the district during the year 1897-98 was notified as usual and held on the dates and places specified on the margin with the results therein noted, and recommends that the above offers (which when compared with the results of the previous year are less by Rs. 733 for the eight taluks comprising the district proper and better by Rs 21-4-0 in the sub-division taluks), may be accepted for the present.

The following letters from the Deputy Commissioners of districts, reporting, as required in para 2 of Government Proceedings No. 5521-28—R. F. 73-96, dated 17th December 1896, the existing arrangements under which foreign supari is distinguished from local production, so as to prevent the evasion of payment of duty on the latter.

(7)	No. 1232,	28th May 1897	ditto	Bangalore.
(8)	No. 2,	2nd July 1897	ditto	Tumkur.

No. 2951-58—R. F. 73-96, DATED, BANGALORE, 18TH SEPTEMBER 1897.

ORDER THEREON.—The Deputy Commissioner, Bangalore district, states that supari produced in Her Majesty's Territories and imported therefrom into Mysore,

is required to be covered by a *Mafi* Rahadari, and that no other arrangements exist at present.

2. The Deputy Commissioner of the Kolar district states that there has been no occasion for distinguishing foreign from local supari, as there are no arecanut gardens in his district except in a portion of the Goribidnur taluk and no foreign supari is imported direct into the district from British Territory, but that he has issued instructions to the effect that when foreign supari is imported, a *Mafi* Rahadari should be taken in the first Mysore village.

3. The Deputy Commissioner of the Tumkur district reports that when arecanut imported from Her Majesty's Territory under a pass signed by the patel of the village from which the nut is exported is shown to the patel of the Mysore village, either he or the Sayer officials issue a *Mafi* Rahadari under his or their signature.

4. From the report of the Deputy Commissioner, Mysore district, it is observed that no satisfactory arrangement exists in that district to distinguish local from foreign nut, except by their color, appearance and taste.

5. The practice obtaining in the Mysore district seems to prevail in the Hassan district also.

6. The Deputy Commissioner of the Shimoga district reports that when foreign supari is produced at the frontier sayerkatte, the official in charge of the katte issues a *Mafi* Rahadari after satisfying himself that the article produced is identical with that mentioned in the pass issued in the British village.

7. From the report of the Deputy Commissioner, Kadur district, it appears that the practice of issuing a *Mafi* Rahadari is in vogue in that district also, and that local nut is distinguished from foreign nut by its color and size.

8. The Deputy Commissioner of the Chitaldrug district states that no special arrangements in this behalf exist in his district and that no foreign supari is ever known to have been imported into it from the frontiers of Her Majesty's Territory.

9. From the above, it is seen that the practice of issuing *Mafi* Rahadaris for the transit of foreign supari in Mysore Territory exists in four of the eight districts, though it is not uniformly and invariably observed in every case. The Government levy halat on the locally produced arecanut, and it is necessary to distinguish the foreign nut on which no halat is levied, from the local produce. They think it desirable that the practice which now prevails in the chief arecanut growing districts should be extended to the other districts also. They accordingly direct that when foreign supari is presented at the first Mysore village or station to which it is imported, a *Mafi* Rahadari should invariably be taken for its transport. Deputy Commissioners are requested to give due publicity to this order and enforce it.

No. 3039-47—R. 972, DATED, BANGALORE, 20TH SEPTEMBER 1897.

ORDER THEREON.—The purport of the replies read above and the observations of Government thereon are given hereunder in juxta-position.

Purport of Deputy Commissioner's letter.	Observations.
(*a*) *Bangalore District.*—The Deputy Commissioner reports that nearly all the boundary marks in the district have been repaired by employing Measurers to examine and repair, where necessary, the field boundary marks, and by impressing, during his tour of inspection, on the Amildars, Shekdars and village officials the importance of keeping the marks in repair, and that, if any remain unrestored, he hopes to bring them to standard this season.	(*a*) This is very vague. Officers of every grade from the Deputy Commissioner downwards are responsible for their share of work and it is of primary importance that during the jamabandi a fair amount of attention and time should be devoted by the jamabandi officers to the inspection of these boundary marks. Amildars are of course primarily responsible for the state of boundary marks in their taluks.
(*b*) *Kolar District.*—Mr. Rangaswamaiengar, in submitting a copy of the instructions issued by him for the guidance of the taluk officers and their subordinates in the matter of the inspection and restoration of survey boundary marks in the district, states that every endeavour will be made to improve the general condition of the boundary marks, which at present is stated to be not good. In this connection, the Deputy Commissioner suggests the necessity of employing a small temporary establishment to aid the taluk Measurer and hobli Shekdars in the prompt completion of the work connected with the bandhs in a few of the heavily worked taluks, but says that he would defer his proposals on this point until some experience is gained of the rate at which the work can be done by the ordinary staff without prejudice to their other duties.	(*b*) The Deputy Commissioner's instructions, it is feared, do not sufficiently emphasize the Amildar's responsibility in this matter. As being primarily responsible for the proper condition of the bandhs, the Amildars should constantly inspect these marks and get the needful done both by village and hobli officials. Amildars found wanting or inattentive to this work must be reported to Government.
(*c*) *Tumkur District.*—The Deputy Commissioner submits a memorandum containing extracts from the jamabandi reports received from his Assistant Commissioners as regards the condition of the	(*c*) This report is too general, and it can only be hoped that the impression reported is not the result of a superficial observation There ought to be a systematic testing in some of the

field boundary marks in the year 1896-97, from which it will be seen that they are generally in good condition.	selected villages and the result reported in a complete form.
(*d*) *Mysore District.*—The Deputy Commissioner, in reporting that the boundary marks are mostly out of order owing to the absence of a system of bandh pahani or inspection enjoined by standing orders and the recording of the same in the register prescribed by the Survey Rules, and that the information given in column 14 of the Village Account No. 7 (Pahani Taktha) as regards the condition of the boundary marks was in several cases found not to be correct, states that he has issued stringent orders to the Amildars to get the bandhs thoroughly repaired within two months and to submit a report of their having done so at the end of that period. He promises a further report on the subject.	(*d*) Much requires to be done in this district, and the Deputy Commissioner must take steady and persistent action to have all the boundary marks brought up to the standard size.
(*e*) *Hassan District.*—The Officiating Deputy Commissioner reports that stringent orders have been issued to the Amildars in the matter this year and that the jamabandi officers have been requested to see that the work is completed before the close of the year 1896-97 and submit the required report.	(*e*) This is very unsatisfactory. But as there has been a change of Deputy Commissioners, the promised report is awaited.
(*f*) *Shimoga District.*—The Deputy Commissioner in forwarding for information copies of the reports received from the jamabandi officers, together with a brief memo of the reports received from the several Amildars in the district showing the progress they have made as regards the systematic inspection of boundary marks in their respective taluks, states that better results will be shown in the year 1896-97, as the attention of the Amildars and the jamabandi officers has been particularly invited to the Government orders on the subject.	(*f*) The report is as full as the circumstances of the case admitted. But a great deal more of inspection has yet to be done. It is hoped that the Amildars will be impressed with the importance of this work which requires prompt attention and steady perseverance.
(*g*) *Kadur District.*—The late Deputy Commissioner Mr. Sparkes, reported as follows :—	(*g*) This is also a general report and it is hoped that in the year 1896-97 what was needed has been done. A detailed report must, however, be submitted.
"That the special attention of all the "Amildars in the district was drawn to "the maintenance of bandhs in the manner required by the rules. During my "recent tours in the interior of maidan "parts, bandhs in the Kadur taluk were "found to be in very good repair, where-"as, those in Chikmagalur and Tarikere, "of even occupied lands, cannot be said "to be in a satisfactory condition. The "Amildars of the latter taluks have been "strictly ordered to have them brought	

Purport of Deputy Commissioner's letter.	Observations.
"up to standard before the next jama-"bandi. With regard to the malnad "taluks, the bandhs of occupied lands "may be said to be in fairly good condi-"tion. Owing to the extensive re-survey "work, the services of the Measurers "could not be freely spared for the bandh "inspection work."	
(*h*) *Chitaldrug District.*—The Deputy Commissioner in describing the procedure adopted by him in bringing up the boundary marks of fields to proper standard, states that 90 per cent of the bandhs in occupied lands and a very large proportion of those in waste lands are now of the standard size and that the remaining bandhs will be brought up to standard probably before the close of the year 1896-97. He further says that the work in this connection will, in his opinion, not be completed till the bandhs in waste lands are all built up with stones so as to avoid the necessity of repairing them from year to year, and that for this purpose he has placed various sums at the disposal of Amildars, under the authority of Government Proceedings No. 7348-9 —R. 2453, dated the 14th February 1897. He, however, promises a further report in the matter.	(*h*) It is satisfactory to note that the Deputy Commissioner is personally attending to this matter and it is hoped that ere long all the boundary marks in his district will be brought up to the required standard.

2. As the present mode of enforcing the duty of maintaining the boundary marks in good order by the taluk and village officials has not been clearly laid down. Government deem it necessary to issue some general rules on the subject. The following Draft Rules are therefore circulated to the Deputy Commissioners and the Superintendent of Revenue Survey with a request that they will submit their opinions thereon :—

I. The Shanbhog and Patel shall examine all the boundary marks in their respective villages at the time of the field inspection and the Shanbhog shall record in the Pahani Register, Village Form No. 7, the condition in which the boundary marks are found.

II. There shall be a second inspection of all the marks found to be out of repair after the lapse of a sufficient time to allow of the repairs to the marks being completed.

III. A further test-inspection of boundary marks shall be made annually in each village by the Shekdar, assisted, if necessary, by one or two of the taluk gumastas to be deputed for the purpose. The inspection shall be made in the presence of the village officers and of such of the land-holders as may attend. The results of these inspections shall be recorded in Column 17 of the Village Form No. 7, "Remarks and signature of the testing officer."

IV. For the purpose of the test-inspection, the number of fields in each village shall be divided into four sections and the fields comprised in one section shall be inspected by the Shekdar, assisted, if necessary, by the taluk gumasta in each successive year. Thus, the whole of the bandhs in the village will be completely supervised in a period of four years.

V. The division of the boundary marks of a village into sections shall be made by the Amildar and the division list given to the Shekdar.

VI. The inspections by the Shekdar shall be careful and thorough.

VII. When the necessary repairs have all been completed, the Amildar or the Deputy Amildar shall prepare and forward to the Deputy Commissioner or to the Assistant Commissioner in charge of the taluk, by a date to be specially fixed by the Deputy Commissioner of each district, a general abstract of the Inspection Registers.

VIII. Amildars, Deputy Amildars, Assistant Commissioners in charge of taluks and Sub-Division Officers will personally examine the boundary marks of some of the numbers of several villages in every taluk as soon as possible after the completion of the second inspection required by Rule II. In the case of taluks which are in the immediate charge of the Deputy Commissioner, that Officer shall mark off several numbers in the village registers for examination by his Sheristadar or other high officer of his establishment.

IX. The results of inspection made under Rule VIII shall be recorded in the same way as in the case of inspections under Rule III.

Correspondence ending with letter No. 237, dated 17th August 1897, from the Deputy Commissioner, Mysore district, recommending the grant, under the Land Improvement Loans Regulation, of an additional loan of Rs. 1,500 to Palace Overseer, Alasingrachar, at Mysore, for improving his lands in the Binakanhalli village, T. Narsipur taluk.

No. 3052-60—R. F. 61-95, DATED, BANGALORE, 20TH SEPTEMBER 1897.

ORDER THEREON.—In Government Proceedings Nos. 10647—R. 1124 and 6948-9—R F. 61-95, dated 8th January 1894 and 31st January 1896, respectively, loans of Rs. 4,500 and Rs. 3,000 were granted to Palace Overseer Alasingrachar at Mysore, for improving his lands in the Binakanhalli village of the T. Narsipur taluk, and in the village of Hebsur in the Chamrajnagar taluk. The Deputy Commissioner reports that though the applicant had satisfactorily effected the improvements to his lands, the "Uddi" constructed by the applicant to irrigate his lands in the Binakanhalli village, was washed away, owing to the unusually high floods of the Cauvery in July 1896, causing much loss to the applicant, who has therefore applied for an additional loan of Rs. 1,500 and offered as additional collateral security his terraced house valued at Rs. 1,500, situated in Channappana Koppal in the T. Narsipur taluk. The Deputy Commissioner recommends the grant of the additional loan applied for.

2. The Government are accordingly pleased to sanction the said additional loan of Rs. 1,500 at 5 per cent interest, repayable in 10 years, as laid down in Government Proceedings No. 6948-49—R. F. 61-95, dated 31st January 1896, on the security of all the lands already under mortgage to Government and also of the terraced house referred to which is now offered by the applicant as additional security.

3. It is essential that the loan should be spent for the purposes for which it is given and the Government trust that the Deputy Commissioner has assured himself on this point.

No. 3158-66—R. F. 108-92, DATED, BANGALORE, 23RD SEPTEMBER 1897.

ORDER THEREON.—In an important matter like the revision of the Shekdari Service, Government consider it necessary that there should be consultation and combined action for securing uniformity of system and for the arrangement of details. As all the Deputy Commissioners are expected to meet in Mysore during the ensuing Dasara, a Committee of Officers will be appointed to consider this subject and to submit carefully drawn up proposals for the consideration and orders of Government. The points which the proposed Committee may consider are:—

(1) The duties which the Shekdars have to perform;
(2) Their pay and allowances;
(3) The division of taluks into hoblis;
(4) The prescribing of a qualifying test for the appointment; and
(5) Such other matters bearing upon the subject as the Committee would wish to bring to the notice of Government.

The Committee shall consist of the following Officers:—

Mr. T. Ananda Row.—*Chairman.*

Members.

Docket No. 131, dated 6th August 1897, from the Deputy Commissioner, Kadur district, submitting, as required in this office No. 7063-70—R. 2381, dated 6th February 1897, statements showing the number of holdings in each taluk (both raiyatwari and wholly or partially revenue-free tenures), and stating that the number of estates shown under each class of holdings in the above statements is in excess of that shown in Table D of Agricultural Return for 1895-96, as, in the latter return, each survey number was treated and shown as a separate estate irrespective of the cultivation it comprised,

while in preparing the present statement cases of one or more kinds of cultivation comprised in each survey number or numbers have been taken into account and the aggregates shown as so many separate estates.

No. 3189-96—R. 1014, DATED, BANGALORE, 23RD SEPTEMBER 1897.

ORDER THEREON.—The Deputy Commissioner is informed that the term "Estate" as used in Table D and foot-notes thereto does not necessarily mean one survey number or all the survey numbers in which the same kind of cultivation is carried on. It is not used in any sense different from that in which it is used in the Land Revenue Code, and for all practical purposes it is equivalent to what is called a "Khate" in the Village Revenue Account. This is apparent from the instructions contained in the Secretary's letter No. 7063-70—R. 2381, dated 6th February 1897, and Government Proceedings No. 1319-26—R. 429, dated 29th July last. Revised and correct returns are therefore requested.

Letter No. 1409—595, dated 24th August 1897, from the Comptroller, Mysore Government.

I have the honor to state that in the late Chief Commissioner's Proceedings No. 5114-20—486, dated 6th January 1880, it was directed that a charge allowance at 10 per cent on the pay of last grade Amildar might be allowed to taluk subordinate officers for the period they might be in charge of the office of an Amildar and that the charge allowance of one Rama Rao, who held charge of the Sorab taluk in December 1883, was disposed of on the same order (*vide* Government Proceedings No. 5016-11—285, dated 21st December 1883). All claims on account of charge allowance to Sheristadars and Head Gumastas placed in charge of Offices of Amildars have been hitherto admitted by this office under the authority of the order quoted above and passed at 10 per cent of the pay of the last grade Amildar without any reference to Government on the subject. Article 107 of Mysore Service Regulations requires, however, that the Government should fix in each case the amount of such allowance which should not exceed 10 per cent of the pay of the office.

I request to be informed whether the same practice may be continued or a separate order of Government obtained in each case, and in case of the former whether the order in question may be inserted in the form of an addendum as per margin in the Mysore Service Regulations which is under revision.

Insert the following as Note I, under Article 107 of Mysore Service Regulations, Page 28

Note I.—Subordinate taluk officers placed in charge of current duties of an office or an Amildar are entitled to a charge allowance of not less than 10 per cent on the pay of the last class Amildar.

The favor of an early reply is requested.

No. 3222-30—R. F. 89-95, DATED, BANGALORE, 24TH SEPTEMBER 1897.

ORDER THEREON.—The draft note submitted with the above is approved with a slight modification as indicated in the margin, and may be inserted under Article 107 of the Service Regulations.

"Note I.—Subordinate taluk officers placed in charge of the current duties of the office of an Amildar are entitled to a charge allowance of 10 per cent on the pay of the last class Amildar."

2. Government observe that the Head Gumasta of a taluk is not a very responsible official to be placed even in temporary charge of a Deputy Amildar's office, and therefore direct that when no special arrangements are made for the charge of a sub-taluk during the short and temporary absence of a Deputy Amildar, the Amildar of the taluk be deemed the Officer in charge of the sub-taluk in addition to his own duties.

F. 45-96 and 9645—R. F. 45-96, dated 2nd February and 1st May 1897, respectively), which prescribes a penalty for unauthorized use of Government water, operates as a hardship on those who commit the act for the first time and allows no discretion to the Deputy Commissioner to deal with such cases leniently, the words "at the discretion of the Deputy Commissioner" be inserted after the word "liable" in line 6 of the Notification, dated 2nd February 1897.

(2) Letter No. 827, dated 16th June 1897, from the Superintendent of Revenue Survey, stating that the Deputy Commissioners may be allowed the discretion sought for but in no case should the rule regarding the payment of at least double the water-rate be relaxed and that the levy of five times the wet assessment of the whole number may be left to the discretion of the Deputy Commissioner.

No. 3256-65—R. 1042, DATED, BANGALORE, 25TH SEPTEMBER 1897.

ORDER THEREON.—Government approve of the Deputy Commissioner's suggestion which is concurred in by the Superintendent of Revenue Survey, and direct the following Notification being published in the *Gazette*.

NOTIFICATION.

No. 3266—R. 1043, *dated 25th September* 1897.

The Government of Mysore are pleased to direct the insertion of the words "at the discretion of the Deputy Commissioner" between the words "liable" and "to" in the latter part of para 4 of Rule XIX of the Mysore Land Revenue

Rules, issued under Notification No. 7051—P. F. 45-96, dated 2nd February 1897, and amended by Notification No. 9645—P. F. 45-96, dated 1st May 1897.

2. The rule as now modified will read as follows :—

Any person desiring to use Government water for irrigating a land not assessed as wet land, shall make an application in writing to the Amildar or other Officer duly authorized to receive such application for permission to make use of the supply of water ; and if any person uses such water without such permission, he shall be charged with double the rate he would otherwise have been required to pay, had he applied for and obtained permission, and shall also be liable at the discretion of the Deputy Commissioner to pay as fine five times the wet assessment of the whole survey number thus wholly or partly irrigated.

No. 3355-8—R. F. 84-96, DATED, BANGALORE, 28TH SEPTEMBER 1897.

ORDER THEREON.—In the first of the communications read above, the Deputy Commissioner reported that the raiyats holding dry lands under the Yellambalsi channel and tank refused to pay the acreage contribution in spite of the advantages to be derived by them, and solicited instructions as to whether he could take coercive measures for its recovery. Government, in their Proceedings of 14th May 1895, observed that coercive measures were not the proper remedy, and suggested that, as a further development of Rule 6 of the Rules printed with Government Proceedings, Camp No. 1382-90, dated 1st October 1888, the amount of contribution leviable may be distributed over a period of ten years and incorporated and levied during that period with the wet assessment, the same being reduced to the normal rates after the whole amount of contribution was thus levied.

2. Both the Superintendent, Revenue Survey, and the Deputy Commissioner who were consulted on the subject, consider the arrangement equitable and recommend the adoption of the suggestion.

3. The irrigational works on which the lands in question depend have been greatly improved at the large outlay of Rs. 38,705-12-11, and the Government are entitled to fix and levy such rates as they require as reasonable for the use of the improved supply thus made available. The Government accordingly direct that 1/11th of the total amount of the acreage contribution, be fixed as the rate per annum per acre to be levied with effect from 1897-98 in addition to the present wet assessment during the 11 remaining years of the current settlement of the Kadur taluk. The Deputy Commissioner will be requested to give due effect to this order under Section 53 of the Land Revenue Code.

F. 198-92, dated 27th September 1893, the kotwal of Tarikere may be granted an advance of Rs. 150 on the security of his house valued at Rs. 200 subject to re-payment within two years, similar concession being extended to places where it is impossible to induce the patels to act in the matter.

No. 12-20—R. F. 198-92, DATED, CAMP MYSORE, 30TH SEPTEMBER 1897.

Letter No. 1777-97, dated 25th August 1897, from the Excise Commissioner in Mysore, stating, with reference to this office No. 11441—Ex. 414, dated 26th June 1897, that the date trees reserved to Government in Survey No. 25 of Marati village, Chanagiri taluk, are situated in two compact blocks and not scattered all over the field.

No. 2758-66—Ex. 105, DATED, BANGALORE, 10TH SEPTEMBER 1897.

ORDER THEREON.—Recorded, with the observation that in cases like this, it would be well in future to phod off the compact blocks containing date trees and reserve them to Government, giving out for cultivation only the remaining portions the reservation of which is not required in the interests of Toddy Revenue; that in the present case, Survey No. 25 of Marati village was a large field, measuring 41 acres and 34 guntas, and as such, quite capable of being subdivided with a view to the portion containing the date trees being reserved to Government instead of the whole being given away to a single individual as it apparently had been.

No. 3148-57—Ex. 116, DATED, BANGALORE, 22ND SEPTEMBER 1897.

ORDER THEREON.—Under the circumstance represented by the Excise Commissioner, the remission of the irrecoverable balance of Rs. 1,167-13-9 is sanctioned with the observation that Officers conducting sales in future, as well as the Taluk Revenue and Excise Officers should take particular care to see that the bidders taking part in the sales are solvent and no farm should be knocked down to any of them unless the Officer conducting the sale is personally satisfied that the individuals concerned are solvent. The subordinate Officers should make searching enquiries as to the circumstances of intending bidders and bring to the notice of the higher Officers conducting sales any case of doubtful solvency. The Excise Commissioner should, by examination of cases here and there during tours, satisfy himself that there is no likelihood of Government revenue being lost as in the present case.

Proceedings of the Government of Mysore,

READ :—

Statement No. 8 showing the demand, collection and balance under the head "Forests" in the several districts of the State for the eleven months ending 31st May 1897.

No. 2533-41—Ft. F. 116-95, DATED, BANGALORE, 3RD SEPTEMBER 1897.

ORDER THEREON.—The demand, collection and balance under the head "Forests" for the eleven months ending 31st May 1897, as compared with the figures for the corresponding period of the previous year are exhibited district-wise in the subjoined statement, from which it would appear that the total demand inclusive of arrears, and the collections including remissions, for the period under review were respectively Rs. 3,99,036 and Rs. 4,12,520 less than those for the corresponding period of the year 1895-96. The decrease is general in all the districts except Kadur and Chitaldrug. In the Shimoga and Hassan districts, the decrease is reported to be mainly due to want of proper bids for sandalwood during the year. The reports from the Mysore and Kolar districts already called for in this office Nos. 8652-61—Ft. F. 116-95, dated 31st March 1897, and 186-94—Ft. F. 116-95, dated 7th July 1897, have not been received and the Deputy Commissioners are requested to submit them without further delay.

Statement showing the demand, collection and balance under the head "Forest" up to and inclusive of 31st May 1897, as compared with the figures for the corresponding period of last year :—

The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which, or an extension of time granted by the Conservator of Forests, the deposit money already paid shall be forfeited to Government and not treated as part payment. The wood shall be re-sold, &c.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment, unless the Conservator of Forests, in his discretion, grants an extension of time, and the amount is paid within the time so granted. In case of default, the wood shall be re-sold, &c.

REVENUE-FOREST.

NOTIFICATION.

No. 2688—Ft. F. 16-96, DATED, 8TH SEPTEMBER 1897.

In supersession of the Rules contained in Notification No. 15230—R. F. 155-92, dated 15th March 1895, the following Revised Rules for the sale of sandalwood by public auction in Mysore have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these Rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests, of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilised deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which, the deposit money already paid shall be forfeited to Government and not treated as part payment, unless the Conservator of Forests, in his discretion, grants an extension of time, and the amount is paid within the time so granted. In case of default, the wood shall be resold at the risk of the first purchaser who shall be liable for any loss but not participate in any profit. Moneys due may be paid into the Treasury of the taluk in which the Kóṭ'hí is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each Kóṭ'hí, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III — Weighing out and Delivery of Wood.

6. The District Forest Officer or, in his absence, any other Officer deputed by the Deputy Commissioner shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Kóṭ'hí must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the Officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser who shall be warned to attend at the weighing out of his lots. Should he

not appear in person or by duly constituted agent, within the ninety days above referred to the Forest Officer or the Officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the Kóṭ'hí shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Kóṭ'hí Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of Kóṭ'hí rent. Such wood, if left in the Kóṭ'his for more than 90 days from date of sale, shall be charged with Kóṭ'hí rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chiltha and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale, the original purchaser tenders the rent due and all costs, he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the Kóṭ'hí till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the Officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

3. The members propose to start the Bank with a capital of Rs. 30,000 The Deputy Commissioner, taking the *net valu of the lands into consideration, recommends th grant of a loan of Rs. 20,000, or 22,000. Bu the Inspector of Agricultural Banks is of opinion that on the security of th above property the loan of Rs. 30,000 applied for may be granted to enable th members to discharge the existing debts which amount to Rs. 22,610 and utiliz the balance towards argicultural improvements.

*Rs. 56,350—22,610=Rs. 33,740.

4. Under all the circumstances of the case and having regard to the aggregate value of the property held by the members, Government are pleased to sanction an advance not exceeding Rs. 30,000, being made for the Agricul tural Bank at French Rocks and to authorize the Deputy Commissioner to plac the aforesaid amount in the Seringapatam Taluk Treasury on that account. In terest must be recovered from the Bank half yearly up to 30th June and 31st December of each year, at 4 per cent per annum, on the sums actually borrowed by the Bank.

5. As regards the suggestion made by the Deputy Commissioner in para 2 of his letter No. 1851, dated the 10th June 1897, that a clause may be added to para 72 of the Articles of Association to the effect that the members will release their properties from present encumbrances and will not, until the Gov ernment loan is fully liquidated, alienate their properties otherwise than as security to the Bank itself, the Deputy Commissioner's attention is drawn to para 4 of Government Proceedings No. 5439-42—R. F. 100-95, dated the 14th December 1896, and he is informed that the existing provision seems quite sufficient for the purpose inasmuch as the loan now sanctioned by Government is intended to be applied both for the discharge of the existing liabilities and for further improve ments, and the Bank is expected to secure proper documents from the borrowing members and to deposit them in Public Treasuries. Steps should be taken to see that the existing encumbrances are all discharged and that the documents in connection therewith are got back and properly secured.

6. The Memorandum and Articles of Association submitted by the Deputy Commissioner, with public service transfer receipt for Rs. 1-8-0, being the regis tration fee, will be forwarded to the Registrar of Joint Stock Companies fo registration.

(2) Letter No. 737, dated 22nd January 1897, from the Deputy Commissioner, Bangalore district, requesting that, in order to avoid constant references to Government, he may be permitted to incur trifling charges of a miscellaneous character, up to Rs. 10, on his own responsibility, out of the allotted budget grant.

(3) Letter No. 6244, dated 30th March 1897, from the Comptroller, Mysore Government, submitting his opinion on the above subject.

No. 3306-40—Fl. 291, DATED, BANGALORE, 27TH SEPTEMBER 1897.

ORDER THEREON.—Government are pleased to empower Heads of Departments and all Officers of and above the rank of Deputy Commissioners including District Judges, &c., to sanction the purchase, out of the contingent grants allotted to them, of country made articles of value not exceeding Rs. 10 in each case, and of articles made out of India not exceeding Rs. 5 in each case. Petty repairs of furniture costing not more than Rs. 10 in each instance may also be effected and paid for by the Officers above referred to, within the limit of the budget allotment therefor, without the sanction of Government.

PETITION.

Proceedings of the Government of Mysore,

READ :—

Petition No. 2195, dated 19th December 1896, from Raghappa, shanbhog of Machinahalli circle in the Honnali taluk, appealing against the order of the Deputy Commissioner, Shimoga district, declining to re-consider the previous order fining petitioner Rs. 53 for having made a false report that some of the raiyats of the village had ploughed up the vacant strip between certain boundary marks.

(2) Correspondence ending with letter No. 1317—1112, dated 9th June 1897, from the Deputy Commissioner, Shimoga district, reporting on the above and submitting the records of the case.

No. 2638-45—PET. 384, DATED, BANGALORE, 6TH SEPTEMBER 1897.

ORDER THEREON.—This case arose as follows :—

During the jamabandi settlement of Khara, a takrar takhta was placed before the Jamabandi Officer in which eighteen raiyats were accused of having ploughed up the reserve margin of the boundary marks. It does not appear that these men were before the Jamabandi Officer or that any further enquiry was held by him. He passed an order imposing a fine of one rupee each on these men. There is nothing to show that subsequently even, any intimation of this punishment was given to the parties concerned.

2. In the year Vijaya, that is to say in the third year from Khara, a similar takhta was placed before the Jamabandi Officer accusing 35 persons of having encroached upon the margin of boundary marks, and without any further enquiry, the Jamabandi Officer fined 17 of these 35 persons also, in a sum of one rupee each. In the case of the other 18, the fine was doubled under the impression that they had been already punished for a similar offence in the year Khara. None of these persons appear to have been present before the Jamabandi Officer, and subsequent information showed that there were in the batch of the 35 persons, only six who had been concerned in the takrar takhta of the year Khara. It is not clear whether this Jamabandi Officer was the same as that for the year Khara.

3. These raiyats, among whom was included the patel, persistently denied the commission of the act attributed to them. The Amildar was then moved to make a local inspection when he found that the whole accusation was false and that the margin had not at all been ploughed up.

4. Considering that there was an interval of nearly a whole year between the disposal of the takrar takhta and the inspection by the Amildar, the two dates being 29th December 1893 and 7th November 1894, it is not easy to say that this finding of the Amildar is conclusive, but it was relied on and the fine imposed upon the raiyats by the Jamabandi Officer was remitted by the Deputy Commissioner.

5. There was some correspondence about the submission of a refund bill but the Deputy Commissioner finally held that the cause of the whole confusion was the act of the shanbhog who had made a false report, and directed that the whole of the fine amounting to Rs. 53 should be collected from him.

6. The appeal now before the Government is by this shanbhog and against his order.

7. It is impossible that the order appealed against can be upheld. The fine which the shanbhog has been ordered to pay does not appear to be within the limit laid down by Section 33 of the Land Revenue Code. Apart from this circumstance, the subsequent finding of false charge against the shanbhog is as baseless as the original finding of guilty against the raiyats. In neither case was there any enquiry. No evidence was recorded. The parties concerned were not given an opportunity

to state their defence. In his statement before the Amildar the shanbhog confirm his report in the takrar takhta that in the previous year the reserve margin h been ploughed up. The whole proceeding was as irregular and arbitrary as it w illegal. Both the Amildar and the Jamabandi Officer were at fault for not elicitn the facts more fully and recording proper evidence to support their conclusion The Deputy Commissioner acted properly in quashing the Jamabandi Officer's ord fining the raiyats, but he fell into a similar error when, without giving the shanbh an opportunity of stating his defence, he directed the whole amount of the fine be recovered from him. The appeal of the shanbhog must, therefore, be allowe to prevail and the fine inflicted on him remitted. If it has been recovered fro him, a refund bill should be submitted for sanction.

(1) Petition No. 2663 of 1896-97 presented by Tukkoji Rao, Mahomed Sab and others of Mullu Mysore taluk, complaining of the grant to one Lingoji of a portion of the gomal land of their vi lage for the purpose of cultivation.

(2) Letter No. 122, dated 21st July 1897, from the Deputy Commissioner, Mysore distric reporting on the above.

(3) Records of the case.

No. 3095-103—PET. 464, DATED, BANGALORE, 21ST SEPTEMBER 1897.

ORDER THEREON.—On the application of counter-petitioner Lingoji, 9 acres an 29 guntas of gomal lands bearing Survey Nos. 28, 35 and 37 in Mullur wer subdivided into five numbers and their appropriation for cultivation was sanctio ed by Government in January 1895, it having been reported that the raiyats o the village had no objection to the grant and had executed the usual mahaza The Deputy Commissioner directed disposal of the lands by public auction. B the applicant having represented that he would be outbid by hostile competito if the lands were sold by public auction, the Amildar recommended their grant Lingoji for an upset price, stating that they contained no valuable trees. Th recommendation was accepted by the Deputy Commissioner and the Amild issued a sirguvah chit to Lingoji in April 1895, after levying from him Rs. 7, th estimated value of the lands. Thereupon the petitioners who are raiyats o th village presented petitions to the Amildar, the Deputy Commissioner and the Exe Commissioner protesting against the grant, and denied having executed any ma hazar in favor of the grant. On the 25th January 1896, they presented to Go ernment the petition read above, complaining that the lands granted to Lingo contained a large number of date trees and that he was destroying them. I forwarding this petition to the Deputy Commissioner, Government directed th "the place ought," at once, to be seen by an Assistant Commissioner, or, if n inconvenient, by the Deputy Commissioner himself, and the truth ascertained an reported." The Amildar in submitting the proceedings to the Deputy Comm sioner, reported on 21st February 1896, that, on personal inspection, he fou that the lands granted for cultivation contained 440 date trees fit for tapping an that 410 trees had been cut. After a delay of nearly nine months, the inconsist ency between this report and the entry in the alienation statement to the effe that the lands in question contained only 84 unfit trees, was noticed and the Ami dar was directed to have the trees counted again. He accordingly submitted statement prepared after inspection by the Measurer and the Toddy Inspector t the effect that there were 120 date trees and 115 plants on the lands in questio The Deputy Commissioner after personally inspecting the lands recommends th out of the five numbers granted to Lingoji, only Survey Nos. 221, 222 and 22 which are separated from the date groves by a jungle stream and contain only a fe date trees may be confirmed to him and that the grant of the other two *viz.*, Surve Nos. 223 and 224, situated in the midst of date groves and containing a la number of date trees, may be cancelled.

2. The Deputy Commissioner's recommendation is accepted. Survey N 223 and 224, the grant of which to Lingoji is hereby cancelled, will be reserve

to Government as date groves. A remark to this effect should be entered in the khetwar patrik.

3. The Government are constrained to observe that the proceedings in this case have been characterised by gross carelessness and delay on the part of the taluk and district authorities.

4. The reports submitted by the Amildar at different times as to the number and quality of the date trees on the lands in question are inconsistent with one another and with the facts ascertained by the Deputy Commissioner after personal inspection. The alienation statement submitted by the Amildar on the 7th September 1894 showed the lands in question to contain 84 trees unfit for tapping and valued at Rs. 1-11-6, whereas the same officer's report, dated 9th February 1895, recommending the grant of the lands to Lingoji for an upset price located the eighty-four trees in Survey Nos. 28, 35 and 37, of which the lands granted form but a small portion and stated that the lands in question do not contain a single valuable tree. In his report, dated 21st February 1896, the Amildar reported after personal inspection that the lands granted to Lingoji contained 440 date trees fit for tapping besides 410 trees destroyed. The district authorities took nearly nine months to realise the importance of this report and after some desultory correspondence for eight months more, the Deputy Commissioner actually inspected the lands on the 6th July 1897. There can be no reasonable doubt that Lingoji has taken advantage of the delay of one year and five months in reducing the number of trees from 410 to 120.

5. It is further observed that while the sanction of Government was obtained for the appropriation of only 9 acres and 29 guntas, the five numbers granted to Lingoji actually measured 10 acres and 39 guntas and that the additional area of 1 acre and 10 guntas ought not to have been granted without the sanction of Government.

6. The responsibility for the delay of nine months in the District office should be fixed and due notice should be taken of the conduct of the official or officials concerned. The Government note with regret that, in a case where immediate inspection of the lands by an Assistant Commissioner or Deputy Commissioner had been directed, and where the lands were within easy reach of the Deputy Commissioner's head-quarters, a delay of one year and five months was allowed to take place.

Petition No. 1188, dated 5th October 1896, from Gubbi Setti, residing in Urdigere in the Tumkur taluk, appealing against the order of the Deputy Commissioner, Tumkur district, approving of the action of the Amildar, including in the "Amrai sale" for 1895-96, the produce of certain honge trees standing on the banks and bed of the feeder channel of the Maidala tank, running through the petitioner's lands Survey Nos. 41 and 44 of the above village.

2. Letter No 855, dated 28th June 1897, from the Superintendent of Revenue Survey in Mysore, which is as follows:—

> I have the honor to acknowledge receipt of your letter No. 10524—P. 1734, dated 29th May 1897, forwarding a petition from Gubbi Setti of Urdigere, appealing against the order of the Deputy Commissioner regarding the sale of certain honge trees and asking my opinion in the matter.
>
> 2. The deductions as "Phot kharab" in Survey Nos. 41 and 44 were 33 guntas and 5 guntas respectively. These deductions were on account of foot-paths, house, rocky portions, &c., but not on account of the feeder channel to the Maidala tank which was not deducted as "Phot kharab," inasmuch as grass grew on the dry bed of the same.
>
> 3. The Deputy Commissioner in my opinion is wrong in supporting the action of the Amildar in including in the "Amrai sale," the produce of the honge trees which had sprung up on the banks and bed of the feeder.
>
> 4. The Land Revenue Rules are deficient in any rule on the important question involved, upon which I have received other references than that now in point.

5. My views will be readily understood from the ruling which I now propose—
   1. If trees, other than sandal or trees specially reserved under Section 42 of the Land Revenue Code, grow upon the banks or dry bed of a stream included in an occupied survey number, they belong to the occupant.
   2. When a stream forms the boundary of an occupied survey number, the occupant should be allowed the benefit of the trees on the area recorded in the Survey Registers, all beyond it being considered the property of Government subject to the provisions of the Land Revenue Code regarding alluvion—Sections 61 and 62.

6. In the particular case now in point, there can be no doubt that the Amildar was wrong, for he ordered the sale of the produce of trees growing on land which was recorded as private property, thus infringing the very clear rule that whatever is affixed or planted in the soil should be subject to the same rights of property as the soil itself.

7. The rules which I have suggested at para 5 above would allow to the occupant the benefit of all trees on the banks or beds of dry streams included in an occupied survey number, even if such stream had been deducted as "Phot kharab." In the case now in point, the stream had not been deducted as "Phot kharab".

8. My proposed ruling may appear somewhat liberal, but it is the same as obtains in Bombay. The raiyat or occupant is more interested in preventing the washing away of the banks than any one else and his efforts would be towards encouraging alluvion. To do this, he would have to maintain existing trees and plant new ones.

9. I beg to return petition and other enclosures to your letter under reply.

No. 3168-76—Pet. 478, DATED, BANGALORE, 23RD SEPTEMBER 1897.

ORDER THEREON.—The draft rules proposed by the Survey Superintendent in para 5 of the letter read above are circulated to the Deputy Commissioners of districts and the Director of Agriculture and Statistics in Mysore, with the request that they will be so good as to favor Government with their opinions regarding their adoption.

PUBLIC WORKS.

Proceedings of the Government of Mysore,

READ:—

The following Note by the Chief Engineer, dated 17th June 1897, submitting the Public Works budget estimates for the year 1897-98 providing for an expenditure of Rs. 34,41,684—

The budget estimates for the year 1897-98 provide for a total expenditure of Rs. 34,41,684 against the final grant of Rs. 33,91,273 for 1896-97, to be met from the following sources:—

		Rs.
Provincial Fund	(Ordinary grant	15,00,000
	(Special grant	10,00,000
District Funds		4,20,684
Irrigation Cess Fund...		3,11,000
Palace Fund		2,10,000
		34,41,684

PROVINCIAL FUND.

2. *Ordinary Grant.*—The requirements under this head, as per draft budgets of Divisional Officers, amount to about 17½ lakhs, but they have been cut down to 15 lakhs, that being the normal grant fixed in Dewan's Forecast Programme of 28th June 1894. The distribution of this amount by service heads will be found in the General Abstract, pages 2 and 3.

ORIGINAL WORKS.

3. Under "*Military*," Rs. 40,000 have been provided, of which Rs. 23,000, or more than one-half, have been allotted for two incomplete works of the previous year, *viz.*, construction of additional Barr lines at Mysore and re-construction of Barr lines at Hassan. For three new works requisitioned by the Military Secretary, *viz.*, re-constructing Barr lines at Bangalore and at Kolar, and extending the Military Stores at Bangalore, Rs. 15,000 have been granted. The balance Rs. 2,000 is for minor works of this class.

Under "*Civil Buildings*," a grant of Rs. 2,00,000 has been assigned against Rs. 1,88,000 of the previous official year. Of this sum, Rs. 1,09,000 are absorbed by 30 incomplete major works of 1896-97, while Rs. 51,000 are required for 21 new works proposed to be undertaken during the year. The balance Rs. 40,000 is reserved for minor works already in progress, and for new minor works to be sanctioned during the year. Of the major works detailed in Part I of budget, the more important ones are:—

	Allotment
(1) Constructing Record Rooms to the District Office at Bangalore ...	Rs. 5,500
(2) Constructing Bacteriological Institute and Chemical Laboratory at Bangalore	„ 10,000
(3) Constructing Quarters for the Principal of the Central College at Bangalore	„ 15,000
(4) Improving and extending District Office at Chitaldrug	„ 10,000
(5) Constructing Students' Home for the Maharaja's College at Mysore	„ 10,000
(6) Constructing Taluk Cutcherry at Kadur	„ 11,500
(7) Constructing Taluk Cutcherry and Munsiff's Court at Koppa ...	„ 5,000
(8) Constructing Taluk Cutcherry at Balehonnur	„ 5,000

Provision has also been made, with the approval of the Senior Surgeon, for construction of new dispensaries at Tyamagondlu (Bangalore division), at Hiriyur (Chitaldrug division), at Sargur and Gundlupet (Mysore division), at Konanur and Hanbalu (Hassan division), and at Tarikere (Kadur division), besides providing for incomplete works of this class, aggregating in all Rs. 30,000.

Communications.—A sum of Rs. 1,10,000 has been provided under this head, *viz.*, Rs. 73,000 for 20 incomplete major works of 1896-97, Rs. 17,000 for seven new works and Rs. 20,000 for minor works. The improvement of the Gundlupet-Sultan's Battery road, for which an allotment of Rs. 20,000 has been provided, is the most important work. Provision has also been made for constructing travellers' bangalos at Tumkur, Mudgere and Chunchinkatte, (projects for the first two works have already been submitted to Government for formal sanction), and for an

inspection lodge at Harokoppa (Shimoga district), which is considered necessary for the convenience of the travelling public and officers of the several departments of the State.

The project of Rs. 11,626 for railing the high embankments on Ooregum Gold Fields railway feeder, for which only a sum of Rs. 3,000 could be spared, has been submitted to Government. Of the reserve grant of Rs. 20,000 set apart for minor works, Rs. 8,000 will be required to meet cost of crockery and furniture to be supplied to selected travellers' bangalos, and the balance will be utilized on urgent fresh minor works and in completing sanctioned works now in progress.

Miscellaneous Public Improvements.—Under this head, an allotment of Rs. 5,000 has been made for widening roads in front of north gate of fort at Mysore, to allow of sufficient room round the proposed equestrian statue of His Highness the late Maharaja, a project for which is under disposal. Provision has also been made for fencing the compound of Sri Ranganathaswami's temple at Seringapatam (Rs. 2,000), and for arresting the encroachments of the Shimsha River (Rs. 5,000), both incomplete works of the previous year. A sum of Rs. 5,000 has also been provided for minor works of this class.

Under "*Irrigation,*" a sum of Rs. 3,90,000 has been allotted against the final grant of 4 lakhs for 1896-97. As it has not been found possible to assign more funds under this head, about 40 works brought forward by Executive Engineers had to be omitted in this budget. One hundred and eighteen works have been provided for, of which 47 are incomplete works of the previous year, and 71 fresh works, for which projects are under preparation by Executive Engineers. The more important works are noted below :—

Kolar Division.—Constructing Venkatesasagara tank.

Tumkur Division.—Restoring Chiksandra, Kaitagankere and Timmanhalli Tangalmadu tanks.

Chitaldrug Division.—Constructing Kalhalli and Madirhalla new tanks; and restoring Kathral, Chikmadore and Avergola tanks.

Mysore Division.—Improving Anandur and Rampur channels; and restoring Kalale and Kempasagara tanks.

Hassan Division.—Improving and extending Changravalli channel and north channel Sriramadevardam.

Shimoga Division.—Improving Koppa tank and feeder channel; constructing an anikat and channel across the Sulikerehalla near Malebennur, and restoring Tiruganimadu and channels.

Kadur Division.—Restoring Kuksandra tank.

French Rocks Division.—Improving and extending Kannambadi channel, and restoring Kadalgere-Hosakere, Hosaholalu, Kottebetta-Palkere, Chikyegati, Bellur-Dasankere, Markal-Dodkere and Kirgaval-Dodkere tanks.

Repairs.

4. The total grant under this head has been fixed at Rs. 4,10,000 and its distribution is as follows :—

	Rs.
Military	5,000
Civil Buildings	64,000
Communications	3,35,000
Miscellaneous Public Improvements	6,000

The grants under "*Military* and *Miscellaneous Public Improvements*" are the same as those of the previous year. The provision under "*Civil Buildings*" is slightly less than that for 1896-97, while that under "*Communications*" is slightly in excess of

the grant for the same year. Of the latter, Rs. 2,82,295 will be required for the annual maintenance of the 1,772½ miles of provincial main and branch roads detailed in budget pages 58-59 and the balance Rs. 52,705 is reserved for special renovation of selected miles, also for the maintenance of 1st and 2nd class travellers' bangalos and inspection lodges all over the province. The mileage allotments for the marginally noted roads have been increased, the existing allotments having proved insufficient for efficient maintenance, owing to the roads being subject to increasing heavy traffic.

Mysore Division.
Nanjangud-Hassanurghat road from Rs. 100 to Rs. 150 per mile.

Hassan Division.
Hassan-Chikmagalur road from Rs. 120 to Rs. 150 per mile.

Shimoga Division.
Shimoga-Mangalore road from Rs. 140 to Rs. 200 per mile, for the ghat portion of 8 miles.
Shimoga-Hydergha rghat road from Rs. 125 to Rs. 200 per mile, for the ghat portion of 7 miles.

Kadur Division.
Hassan-Chikmagalur road from Rs. 100 to Rs. 150 per mile.

5. *Special Grant.*—Of the special grant of 10 lakhs for extraordinary works, Rs. 2,22,000 have been set aside for establishment and tools and plant, and the balance Rs. 7,78,000 has been distributed as noted below :—

	Rs.
Military	... 2,00,000
Civil Buildings	... 2,30,000
Communications	... 33,000
Miscellaneous public improvements	... 60,000
Irrigation	... 2,55,000

Under "*Military*," the entire grant of 2 lakhs is for the construction of Imperial Service lines at Bangalore, which is now in active progress on an estimate of Rs. 4,74,324, sanctioned in October 1896. Under "*Civil Buildings*," one lakh has been provided for the Victoria Commemoration Hospital at Bangalore, the foundation stone of which will be laid on the 22nd June 1897 by Her Highness the Maharani-Regent, C. I., in commemoration of the Diamond Jubilee of the Empress of India. A similar amount has been provided for constructing new Record Rooms for the Public Offices by extending the main building, proposal for which has been laid before Government for orders. A sum of Rs. 10,000 has been provided for constructing new Lunatic and Leper Asylums at Bangalore, a few miles from the town, their present location near the city being considered objectionable. Of Rs. 33,000 provided under "*Communications*," Rs. 18,000 are required for the extension of the Sagar-Malnad roads; and the balance for constructing bridges across the Bhadra River at Magundi on Balehonnur-Bhundghat road, across the Hemavati at Anjur on Anemahal-Mudgere road, and across the Lokapavini on French Rocks Station-Nelligere road, projects for which are under consideration. Should it, however, be decided that cost of these works should be met from Local Funds General, as in the case of the Tadasa and Holé-Narsipur bridges, the small amounts allotted for them will be resumed and re-appropriated for other works. The provision of Rs. 60,000 under "*Miscellaneous Public Improvements*" is for water-supply and distribution works at Bangalore and Mysore.

Under "*Irrigation*," eight works have been provided for, of which three are incomplete ones of previous years, and five fresh works, projects for which are under investigation.

DISTRICT FUNDS.

6. The grants sanctioned for the several districts by Government in the General Department from District Funds for works to be carried out by the Public Works Department, have been included in this budget; they aggregate Rs. 4,20,684 against Rs. 4,55,273 of the previous year. The distribution of this amount by service heads and divisions is given in Abstract, pages 8 and 9.

The above budget provides Rs. 3,60,010 for works, Rs. 57,836 for establishment, and Rs. 2,838 for tools and plant. The percentage of establishment to

works stands at 16·06 against 17·50 fixed in Government Proceedings (P. W.) No. 869-98—4824-53, dated 12th September 1895. This will be pointed out to the Secretary to Government in the General Department.

IRRIGATION CESS FUND.

7. The total assets under "Irrigation cess proper", available for expenditure during 1897-98, are estimated at Rs. 3,11,902, as intimated by the Comptroller. The grant under this budget has therefore been fixed at Rs. 3,11,000 against four lakhs for 1896-97. Under the sanctioned arrangement, this Fund will have to bear the cost of (1) restoration of irrigation works to secure present revenue, (2) repairs of masonry works of such tanks as have been brought up to standard by raiyats, (3) annual maintenance of 889¾ miles of river channels in Mysore and Hassan districts, and (4) establishment charges at 17½ per cent on grant for works in addition to cost of Tank Inspectors employed in connection with the minor tanks restoration scheme.

Of the above grant of Rs. 3,11,000, Rs. 1,10,000 have been allotted to "Original works," Rs. 1,44,500 to "Repairs," and Rs. 56,500 to "Establishment." Only sanctioned original major works have been provided for in this budget, *vide* pages 50-54. Some new works proposed by Executive Engineers had to be omitted for want of funds. It has not been possible to provide more than Rs. 1,44,500 under "Repairs," and this amount, it is feared, may prove inadequate to meet requirements, the grant for 1896-97 having been Rs. 1,90,000.

PALACE FUND.

8. The total grant provided under this budget from the personal estate of His Highness the Maharaja, comes to Rs. 2,10,000, of which one lakh has been allotted for the "Re-construction of the portion of the Palace at Mysore" lately destroyed by fire, and for which designs are now under preparation. One lakh has been allotted for the additions to the "Fern Hill" Palace at Ooty.

ESTABLISHMENT.

9. The total charges under this head (including Rs. 8,600 debitable to Provincial budget on account of water-supply works under execution by the Sanitary Engineer) aggregate Rs. 6,55,779. Deducting Rs. 7,179 being 5 per cent of "Direction and Accounts" chargeable to the Sanitary Works budget, (*vide* Government Proceedings No. 299-318—1819-1838, dated 5th May 1897), the net amount debitable to "Public Works proper" is Rs. 6,48,600 against Rs. 6,26,000 for 1896-97. The excess of Rs. 22,600 is due to provision having been made for the two Superintending Engineers and their offices for the *full* year, and for the Accounts establishment as per revised scale submitted to Government for sanction with Public Works Secretary's Memo of 14th January 1897.

The establishment charges are 18·84 per cent on the total grant of Rs. 34,41,684 or 23·41 per cent on grant for works alone, and their distribution to the several budgets is as noted below:—

	Rs.	Percentage to works.
Provincial Fund	5,34,264	27·46
District Funds	57,836	16·06
Irrigation Cess Fund	56,500	22·20

No establishment charges have been debited to Palace budget, as it is not usual to do so.

TOOLS AND PLANT.

10. The total amount provided under this head is Rs. 23,574, *viz.*, Rs. 20,736 under Provincial Fund, and Rs. 2,838 under District Funds, against the final grant of Rs. 17,687 for 1896-97.

GENERAL REMARKS.

11. The Chamaraja Channel Division has been amalgamated with the Mysore division, and the Marikanave range closed for the present. The re-construction of the Palace at Mysore has been constituted into a separate division, under Mr. Raghavalu Naidu, as Executive Engineer in charge.

No. 606-26—4432-52, DATED, BANGALORE, 10TH SEPTEMBER 1897.

ORDER THEREON.—The Preliminary Issue of the Budget estimates of the Public Works Department for the year 1897-98 is sanctioned, with the following observations and modifications which reduce the aggregate grant from Rs. 34,41,684 to Rs. 33,41,684.

(i) The proposed allotment of Rs. 1,00,000 for "Constructing new Record Rooms and offices at Bangalore" (Item No. 206 in the budget) will be struck out pending the elaboration of a project for the work.

(ii) The grant from the Palace Fund will be reduced to Rs. 1,10,000 the provision of Rs. 1,00,000 made for the re-construction of the portion of the Palace at Mysore destroyed by fire (Item No. 315) being transferred to State Funds.

2. The marginally noted large buildings (for which an aggregate provision of four lakhs is made) are all works of an exceptional kind, and the allotments required for them should not be allowed to reduce the funds available for ordinary public works, especially irrigation works. Adverting therefore to the Chief Engineer's remarks in para 3 of his Note read above, regarding the inadequacy of available funds under irrigation, the Government are prepared to sanction, for expenditure upon irrigation works during the year, an additional sum not exceeding four lakhs. The Chief Engineer will accordingly provide, by means of a Supplemental budget for the most useful and pressing of the irrigation works which, it is said, have been excluded from the present budget owing to want of funds. Such Supplemental budget will of course be within the limit of the proposed additional grant from the Provincial Fund of four lakhs abovementioned; and in framing this Supplemental budget, the Chief Engineer will scrutinize the individual works now regarded as chargeable to the Irrigation Cess Fund, with the object of seeing whether some of them cannot consistently with the existing rules be transferred to the "Provincial Fund," so as to permit of their earlier execution.

	Rs.
Item No. 205—Constructing Lines for Imperial Service corps and transport service at Bangalore	2,00,000
Item No. 315—Re-constructing portion of the Palace at Mysore, destroyed by fire ...	1,00,000
Item No. 207—Victoria General Hospital at Bangalore.	1,00,000

3. It is noted that the execution of works to be provided for in the Supplemental budget, now ordered, cannot entail any exceptional strain upon the general departmental staff, as the special works referred to in para II, *viz.*, the new Lines for the Imperial Service Regiment, the Victoria Hospital and the Palace restoration at Mysore, (with an aggregate provision of four lakhs) will all be under centralized control at the head-quarters, and not under the general executive staff for the province, whereas the various additional irrigation works will all be naturally distributed over the entire State.

READ :—

The following note by the Chief Engineer, dated 28th May 1897, submitting for sanction of Government the Sanitary Works budget estimate for the year 1897-98, amounting to Rs. 2,50,000.

I submit herewith for sanction of Government, the accompanying Sanitary Works budget for 1897-98, providing for an expenditure of Rs. 2,50,000 against Rs. 2,00,000 for 1896-97. The budget is based on the following grants :—

			1897-98. Rs.	1896-97. Rs.
Part I.—Grant-in-aid from Provincial Funds, Rs. 50,000				
Government loans to municipalities to be recovered eventually		Rs. 50,000	... 1,00,000	1,00,000
Part III.—Special Grant works	...	... ...	1,02,000	41,800
Establishment	...	... ...	42,000	56,200
Tools and plant	...	... ...	6,000	2,000
			2,50,000	2,00,000

2. Part I.—The grant under this head has, as usual, been fixed at Rs. 1,00,000, of which Rs. 38,000 have been allotted for five incomplete works of the previous year, and the balance Rs. 62,000 for 12 new works brought forward by the Sanitary Engineer. The projects for the latter are stated to be under preparation.

3. Part II.—This part of the budget, intended for works to be carried out by municipalities, has been omitted for reasons previously explained—*vide* para 3 of Note printed in Government Proceedings No. 823-46—4553-76, dated 30th August 1895.

4. Part III.—Of the seven works brought forward, item Nos. 18, 23 and 24 are incomplete works of the previous year, while the rest are new works. The Sanitary Engineer represents that the necessity for these new works has been pressed on Government, and the municipalities concerned are not able to meet the cost.

A grant of Rs. 10,000 has been provided for the water supply of Chikmagalur town from Local Funds (General) from which source the work is being carried out. A revised estimate is under preparation by Executive Engineer, Hadur Division, providing for some additional work which the Superintending Engineer, Western Circle, reports after personal inspection, to be necessary.

5. *Establishment.*—The establishment charges for the Sanitary Department amount to Rs. 43,421 as per details in budget. Of this Rs. 8,600 are debitable to the D. P. W. General budget, being proportionate share chargeable to that budget on account of water-supply works provided for in it but carried out by the Sanitary Department. The balance is therefore Rs. 34,821. To this must be added 5 per cent of the charge for "Direction" and "Accounts" as recently ordered, *vide* Government Proceedings No 299-318—1819-1838, dated 5th May 1897. The net establishment charges debitable to the Sanitary Works budget thus stand at Rs. 42,000, which is 20.79 per cent on grant for works.

The Government having in their Proceedings No. 944-69—6214-39, dated 26th November 1896, ordered that the actual execution of sanitary works except those of a technical character should be entrusted to ordinary P. W. Department staff, endeavours will be made to reduce the present establishment as soon as the Bangalore and Mysore water distribution works are thoroughly completed.

No. 633-48—4482-97, DATED, BANGALORE, 11TH SEPTEMBER 1897.

ORDER THEREON.—The budget estimate for sanitary works for the year 1897-98 is sanctioned for Rs. 1,48,000, the allotments proposed for the marginally noted works, in respect of which estimates have neither been sanctioned nor are under disposal, having been disallowed by Government. The projects for these works will be submitted to Government, as they are received from the Sanitary Engineer and the grant required will be obtained separately.

Item No. 1. Water-supply to the town of Channapatna.
Do 4. Water-supply to Kolar Gold Fields
Do 6. Improving the drainage of the town of Tumkur.
Do 10. Water-supply to the town of Sringapatam and Ganjam.
Do 12. Flood water and sewage drain improvements to the town of Arsikere
Do 13. Water-supply to the town of Shimoga.
Do 14. Improving the sanitation and drainage of Bankipur.

Railway Secretary's Note, dated 30th June 1897, submitting for sanction Railway budget estimates for the official year 1897–98.

No. 1. R, DATED, BANGALORE, 3RD SEPTEMBER 1897.

ORDER THEREON.—

I. CONSTRUCTION.

(1) *Birur-Shimoga Railway.*—The estimate (exclusive of Locomotive and Rolling and other Stock and Direction) amounts to Rs. 18,42,172 and the expenditure to end of last year Rs. 4,36,602, of which Rs. 1,90,460 represents the amount actually spent on construction which was taken on hand late in the year. The budget for the current official year provides for an expenditure of Rs. 14,00,000. This is sanctioned. It is probable that the original estimate will be slightly exceeded, in which case a revised one should be prepared and sanction obtained thereto.

(2) *Arsikere-Hassan Railway.*—The provision of Rs. 50,000 made in the budget is struck out for the present, as the project has not yet been sanctioned.

II. GENERAL CHARGES.

The actuals under "Direction" and "Accounts" for 1896-97 were Rs. 6,951 and expenditure for current official year is estimated at Rs. 7,100, which is sanctioned. As account charges are included in the Construction estimate, the same are not separately shown.

2. Railway budget estimate for the official year 1897-98 will, therefore, stand as below:—
